

In year 2009 in 3rd EB meeting at Mumbai, members felt that for smooth running of IAP affair, we need to decentralize its activities. This was agreed upon by President elect Dr.Deepak Ugra. In January 2010 during EB and GB meeting, Dr.V.P.Goswami along EB member from MP Dr.J.S.Tuteja highlighted this issue with Dr.Deepak Ugra in Hyderabad and he assured that in the interest of IAP we will take decision soon. In May 2010 during 2nd EB meeting he has moved resolution to decentralize different activities of IAP and responsibility of International Publication house was given to IAP, Indore. After direction by CIAP, Dr.V.P.Goswami President IAP Indore was authorized to form a five members committee in which Dr.Shikhar Jain, Dr.D.R.Haryani, Dr.Sharad Thora, Dr.J.S.Tuteja and Dr.V.P.Goswami have been nominated to run this activity from Indore and Dr.J.S.Tuteja was made coordinator by President IAP Indore which was later passed by EB and GB of IAP Indore as well as CIAP. Dr.L.N.Taneja convener PALs has also agreed and facilitated this decision.

International publication house Indore was given responsibilities to print, store, and distribute all the material of PALs as well as any overseas publications in future e.g. publication of American academy of pediatrics or any publication like RCPCH books.

PALs Books were printed nicely by IPH at Indore in shortest duration of time and PALs courses could not be delayed due to this. Highest numbers of courses conducted in the year 2011-1012 by Pals team and International publication house Indore is proud to be part of this success by its efficient working. Whenever we receive any request from course coordinator, after CIAP approval we immediately dispatch books by DTDC couriers at compatible cost. We immediately send SMS and email to concern about consignment numbers and other details. All the PALs course coordinators are happy by this mechanism. This year we have printed 5000 copies of PALs providers' manual from Indore at very minimal rates as compare to other places. Though BLS is very much part of PALs course but by instruction of Dr.C.P.Bansal, President it was printed and procured from Gwalior.

We are also thankful to Dr.Arif Ahmad convener PALs for his direction and support to IPH, Indore.CIAP office, President and Secretary deserves special thanks for nurturing IPH and encouraging its development.
