NAPS/UPPER AIRWAYS

- Including Sleep Problems

EDUCATION – MONSOON E-PEDICON

Annual conference – January

Plan an Online webcasting CME in June/July

- **Faculty can be in one location**
- **Preferably on suitable weekends**
- **Cost effective since only faculty travel and accommodation needs to be addressed**
- **CME can be archived as a part of dIAP initiative**
- **Can be with minimum charges.**

EDUCATION - LIAISE

Liaising with DNB instead of only MCI to increase subspecialty programs

Currently no training in Ped. Subspecialty

IAP Fellowship recognition is not strong

- Credibility of institution that provided the certificate is questioned
- Less acceptance in the country
- Quality is compromised in search of quantity
- People in top management are rarely well versed with the subject

IAP can join hands with GoI (National Board)

CPS can be an option at the moment

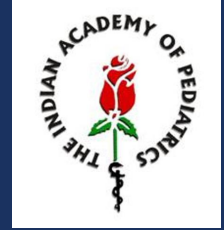

Syllabus, Content and 5 KOLs can be provided by IAP

Accreditation criteria model can be based on IAP-ICC fellowships

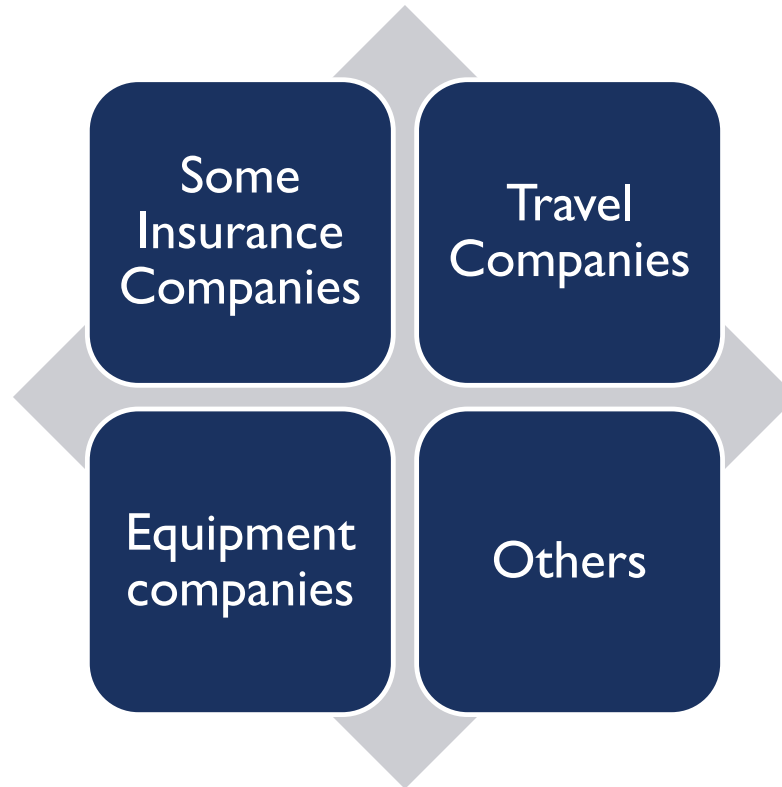

EDUCATION - SUBSCRIPTION

- Concessional subscription rates
 - UpToDate to members
 - 5 minute consult
 - Any others can be approached

WELFARE

Tie up with :

RESEARCH AND DATA ANALYTICS

Very poor at the moment

- No one is taught on how to write a paper in colleges

Conceptualize a new module

IAP can finance some students and pay using a milestone-based approach

Clinical Research

- Greek and Latin of Biostatistics

Research in Clinical Practice

LAST, BUT NOT THE LEAST.....

**First of its kind digital
platform for IAP**

**Professional and
Patient education at
the click of a button**

**Innovative and Creative
formats of learning
