IAP ALS - CPR : COVID Update

IAP ALS UPDATE ON RESUSCITATION GUIDELINES DURING COVID-19 PANDEMIC. INDIAN J PEDIATR (2020).

Key Message : These modifications are primarily targeted to ensure safety to health care worker without compromising on quality of CPR.

EXPERT COMMENT

Dr Bakul Jayant Parekh - President, IAP 2020

"Recommendations are clear & concise, focusing on better protection of CPR team & measures to reduce aerosolization. As we continue to understand COVID-19, we need to update ourselves, regularly."

Dr GV Basvaraj - Hon Secretary, IAP 2020-21

"Simulation and team practice should be done to incorporate these new skills & for better team performance"
