## From the Desk of Dr. Pramod Jog, IAP President, 2016

It's a matter of great honour & pleasure for me to write these few lines as a message for Academy Today.

Activities under IAP Action plan 2016 are going on in full swing. Our programs begin with IAP song. Vaccindicon, RAPID, Cradle to Crayon, SOS-HOPE, Clearing the airways, Nephrology in nutshell, Adolescent ambassadors, Day to Day Challenges, Pediatrics beyond Practice, ZODIAC....and so many. Cocooned by a great team of OB, **EB (Entire Bharat)** & office staff, I am enjoying every moment of my presidential tenure.

**IAP** is made up of thousands of **Individual Academicians & Practitioners**. I believe in the tremendous potential of this 'Individual' pediatrician. A rational, ethical, healthy and happy pediatrician, treating children, will result in healthy, happy and bright children of India, ensuring the country's future. We should realize our own members' importance to the society. So, along with national & state conferences, we are encouraging and supporting small CMEs at grass root level with active participation of local pediatricians, considering the local problems to improve quality of practice. (Many pediatricians cannot attend National and State conferences – because of distance & time constraint). We are formulating a forum for involving practicing pediatricians in clinical research and database creation.

Now I am going to administer a vaccine called PRAMOD!

All the 6 alphabets of **PRAMOD vaccine** are important in life.

**P** stands for **Positive attitude**. You will always remain positive if you avoid speaking about A, B & C.

**A** is Age. Never allow anyone to remind you of your age. The figures 60, 70, 80 should not bother you. If you are 60, think that you are 6 years old! If you are 70, think that you are 7 years old! If you are 80, think that you are 8 years old! Remove zero from the age 60, 70, 80, 90 & always remain mentally young like 6, 7, 8, or 9 years old.

**B** stands for Beemari (illness). Never crib about your illness. One of my friends has an ambition to climb Mt. Everest even with fracture neck femur! Enjoy life with anti-diabetics & anti-hypertensives. Don't even discuss about your health problems in front of others.

**C** is climate. Climate is bound to be either hot, humid, cold or rainy. Why discuss about the climate when it's not going to change?. So never speak anything about ABC. If you avoid discussing these three things you will always remain positive.

The alphabet '**R**' stands for **Rationality**. If you practice rationally, you will get the mental satisfaction. Form an informal group with a senior pediatrician as your Guru..driving force, meet periodically and introspect whether you are practicing

rationally.

**A** stands for being **A**cademically updated . After we pass out our MD we get divided into 2 types of cells. T cells & B cells. T cells are the ones who become Teachers while B cells enter directly into Business. From our knowledge of immunology & conjugate vaccines, we know that the immune response is better when it is T cell dependent. So, I request our B cell colleagues to get attachment with some T cell (Teaching institute) so that they become academically updated & rational .

I always keep a pen & a diary (penda) in my pocket! Diary is my extended Brain . I keep noting down good points from any meeting. I listen to audio CDs while travelling. Car is my University on wheels. And friends, attending all the academic programs keeps our grey cells firing! Graying of our grey cells is equally important with graying of hair!

Next one is **M**. **M** stands for **M**aintaining child like qualities. Everybody has a God inside & that God is nothing but the child like qualities. A child is same inside out. Whatever is in mind, reflects on the face. Smiling is another great asset of a child. An average child smiles 500 times a day ,while an adult smiles only 15 times a day. God knows where the 485 smiles disappear! Smile increases our face value. It is the cooling system of the head and lightening system of the heart .

A child also teaches us to keep away from enemies of mind. Particularly ego. With seniority & position, some start developing ego. But remember, **EGO** Erases the **God** **Out**. Jealousy is another enemy. Never be jealous of your colleagues' practice, wealth, status ,achievements etc. Everyone has a different virtue which makes him/her great. Anger is the next enemy. If *you* get angry, the patient is likely to get angry. An angry patient is like an inflated balloon. It won't take time for this inflated balloon to fly off & reach neighboring pediatrician's chamber!

'**O**' stands for nurturing **O**ne extra quality in addition to academics and practice. There are many who maintain some hobby in life. Please nurture some hobby. It keeps us fresh. Hobbies like singing , dancing, painting, sports etc. rejuvenate us. Many of us have passion for singing .Singing is a boost for daily activities.

And **D** stands for **D**iscarding the bad memories . Let us reflect on the story of A&B. A& B were travelling in a desert. A was supposed to guide the path to B. Somehow A committed a mistake & B slapped him on the face. A wrote on the sand that B slapped him on the face. They continued the journey. At the end of the journey, A got tired. B carried him on the shoulders & completed the journey. At the end of the journey ,there is a hard rock, on which A wrote..When I was tired, B took me on the shoulders and completed the journey. Let us remember the moral of the story . Bad memories ,like someone slapping you on the face...should be written on the sand. .so that they are washed away & forgotten. Good memories ,like someone helping you – should be written on the hard rock.....so that they are remembered forever.

I hope this vaccine called PRAMOD helps you in life.

### **PLAN YOUR WORK & WORK OUT YOUR PLAN**

There are three needs of a human mind . First & the foremost is the need of a plan.. a time table...a schedule. Planning is essential for the growth and development of every individual & every academic body. Next is the need of change...a change in daily routine...change in the surrounding atmosphere & the third is the need for appreciation...a pat on the back.

Planning is important in all walks of life. The word ' tomorrow' is a wonderful excuse for putting off things and it is also an excuse for not delivering. Sadly it is also the reason for failures of many people who have not been able to

leverage their potential.

I have come across many talented people who had wonderful ideas. But they just did not execute them and someone else walked away with the honours.

The problem with our tomorrows is the gap between an idea and its execution. It is a sense of lethargy that overcomes many of us. Delays pile up beyond days, and the days then turn into months. And before long we pass the anniversary of our big idea.

It is largely the creative fields that are mainly seized with this problem, as there are no deadlines when you are alone. You will find many writers working endlessly on scripts as you will find many composers thinking of that great tune.

There are many in our profession who push themselves to the very edge and report to the clinic every day, and on time & are very professional. And that is the reason why they are successful.

So friends, write down your commitment on the IAP planner, take it seriously and do not procrastinate. Be a hard taskmaster on yourself. Hold review meetings with yourself every night and analyse if the time you spent that day could have been more fruitfully spent. If you plan, you won't waste time at the eleventh hour.

Let us be committed to **ACT** for **A**cademics, **C**ommunity work & **T**ransparent administration & prove that **IAP** is always **I**nnovative, **A**ctive & **P**rogressive.

IAP is a vibrant Academy. Let us strive hard to take ourselves to newer heights. IAP will automatically reach newer heights....because IAP is nothing but you & me.

*Balak Mata kijai*

**Dr.Pramod Jog**

**President, IAP 2016**

## From the Desk of **Dr. Anupam Sachdeva, IAP President 2017**

It gives me great pleasure to address all the pediatricians of the country through Academy Today. This has been a very good year. We started the year by making our presence felt in the Asia Pacific Region by successfully holding the APPA conference in Hyderabad. Subsequent to which we have had reorganisation of the office in Mumbai and have brought in standard operating procedures the credit for which goes to the HSG and the office staff. We are also coming up with the IAP immunization guidelines. The Indian College of Pediatrics has also been revamped and 4-5 fellowships will be starting in January. We are holding consultative in various aspects of Pediatrics and will be coming out with consensus guidelines. Overall has been a fulfilling year till now and we hope to make it better over the next few months.

## From the Desk of **Dr. V. P. Goswami, IAP Vice President 2016**

Dear IAP Colleagues

It is my immense pleasure to interact with you all once again as National Vice-President through Academy Today July-September 2016 issue.

IAP is gradually heading towards corporate functioning at various levels from advocacy to achieve optimum child health, Administrative reforms and rejuvenation of its mission programs. This year collective wisdom and leadership was fundamental and phenomenal experiment endorsed by all office bearers. Executive boards members were also very active and taken part in achieving aims and objectives of IAP. Landmark decisions were taken this year. Many programs like RAPID, touch, cradle to crayon and other like Vaacindcon were most successful and fruitful.

I thank all the OB for trusting me as National Nodal person of NRP. I am trying hard to streamline the NRP and succeeded to do so by large extent. I am happy that innovative administrative and financial guidelines suggested by me and finance committee will be implemented shortly to ensure number and quality of courses. Monitoring and evaluation part was strengthened by me to large extent and that is being reflected also.

Being part of most of the IAP programs across India, I witnessed different problems and expectations of IAP members. One such expectation is their wish to do something against assault on its members. Though we have written letters to concern governments and agencies but I feel we need to address and follow it consistently to get some concrete solution of life threatening issue. Members also expect periodic interaction by CIAP for various issues and Secretary General is working hard to maintain Communications. IAP College of pediatrician started taking shape under leadership of president elect Dr. Anupam Sachdeva.

Last, but not the least, I thank Dr. Pramod Jog, Dr. Kamath, Dr. Anupam Sachdeva, Dr. Bakul Parekh, Secretary General, Dr. Kadam and Dr. Anant Pai & other OB, EB 2016 for their continuous help & suggestions.

At the end, I am thankful to each & every one of my IAPian friends for helping me in all these years and extending love, affection & faith to me.

Long live IAP! Jai Hind

Sincerely yours,

## From the Desk of **Dr. S. S. Kamath, IAP President 2015**

It is a great pleasure to write this message and reach you through the Academy Today. We are half way through 2016 and I am happy that IAP as a vibrant and dynamic body is playing an important role in various child welfare schemes. This is election time and the time when candidates for various posts reach you with ideas. Each one of them has contributed substantially and it is our bounden duty to cast our vote for whomever we feel is the best for the future.

I am happy that the efforts put in by our members has galvanized our ongoing projects like Mission Kishore Uday, Essential Newborn Care, Immunization Training Workshop & Awareness Mission Uday Rational Antibiotic Therapy, Web Casting Programmes, Rational Management of Tuberculosis, Diarrhoea Management Programme, Nutrition in health and disease, and TIPPS

I am happy that projects like Protocol Management for Common Pediatric Problems, Online Certificate Course in Pediatric Subspecialties, IAP APT Programmes (Appropriate Pediatric Treatment), IAP HOPE Programmes (Handling of Office Pediatric Emergencies) and a CME on Dermatology have updated our members academically.

## Honorary Secretary General Reports

Dear Colleagues,

Greetings from Indian Academy of Pediatrics

Further to my report published in April – June 2016 issue of the Academy Today, I have to add as follows:

- The Executive Board Meeting was held on 4th & 5th June 2016 in Central IAP Office at Navi Mumbai.
- Consultative Meet on BMT organized by Dr. Anupam Sachdeva on 25th June 2016 at Pune.
- Nephrology in Nutshell ToT was organized by IAP Mumbai Branch.
- Workshop on Clearing Pediatric Airways was conducted at Chennai.
- Cradle to Crayons Workshops were conducted in Assam, Cuttack, Delhi, Indore and Nagpur.
- Derma CMEs were conducted in Kanpur and Rajkot.
- RAPID Workshops were conducted in Kolhapur, Ranchi and Nasik.
- SOSHOPE State Level ToTs were conducted in Chhattisgarh, Dakshin Kannada, Andhra Pradesh, Nagpur and workshops were conducted at Tezpur, Amravati, Cuttack, Durgapur, Himachal Pradesh, Meghalaya and Selam.
- TOUCH Workshop was conducted at Mahuva.
- VACCINDICON was conducted at Ahmedabad, Jaipur and Bhopal.
- Nutrition Education Workshops were conducted at Thane, Thiruvananthapuram, Nagpur, Kochi, Solapur, Delhi, Hyderabad and West Bengal.
- Meeting for Consensus Guidelines on Rickettsial Diseases held on 5th June 2016.
- Website is in final stages of getting revamped as per WHO standards
- An app for IAP is in the pipeline and should be available soon
- Since we were planning to go digital, we are having multiple modules in the pipeline including online membership forms, Online courses and few others.

- PG Clinic Webcast were done on 2nd, 9th, 29th June and 7th, 14th, 21st July and 4th August 2016.
- IAP has got its own HR now who will be assisting in streamlining various details with respect to office activities as well as an accounts assistant who will help the chief accountant in faster processing of payments / advances.

I urge all my friends to kindly cast their vote when the voting lines begin. It is essential for our smooth functioning as well as ensuring that your representatives will help taking IAP to even greater heights by making your voices reach the office to take the needed decisions. Remember that Voting is our right and we should all vote wisely!

With best regards,

Dr. Bakul Jayant Parekh

Hon. Secretary General

# Welcome to Pedicon 2017 at Bengaluru

## From the Organizing Committee of PEDICON 2017

Dear Friends & Colleagues,

Welcome to PEDICON 2017! We are delighted to welcome each one of you to our prestigious upcoming 54th national conference PEDICON 2017 to be held in Bengaluru, Karnataka during January' 2017. The organizing and the scientific committees under the guidance of Indian Academy of Pediatrics, IAP, our respected national organization, are working very hard to present to you an outstanding science in all areas of pediatrics. We cordially invite you to join us in this exciting conference in the most wonderful setting.

This prestigious national conference is one of the most awaited national events for IAPIans, pediatricians and other eagerly looking forward year after year to the event! Delegate strength is continuously increasing over the years, necessitating elaborate arrangements. PEDICON stands out as one of the largest conference of its kind in India! The organizing committee of PEDICON 2017, with its vast experience of meticulously organizing conferences, CMES and workshops is making special efforts to make the PEDICON 2017 a grand success! An exhaustive scientific content, wonderfully designed venue & impeccable hospitality awaits you in Bengaluru! Bengaluru, popularly known as the Silicon Valley of India, is the state capital of Karnataka, being the fastest growing city of ASIA and one of the most attractive and modern cities of India and the world. Recently renamed as Bengaluru, the city is famous for its beautiful parks, avenues, impressive buildings, heritage centers and excellent shopping. Bengaluru is a magnificent place to visit, a delightful destination in its own right as well as the gateway to southern India. Bengaluru is also popularly known as Garden City, Pensioner's Paradise, Air Conditioned City, Pub City, etc. Bengaluru is truly a cosmopolitan and global city with people from all over India and abroad co-existing with local people in harmony. Bengaluru is fast gaining popularity as a destination of medical tourism of India! Bengaluru is also a major hub for Information Technology, Biotechnology, Automobiles & Engineering, Pharmaceutical industry and country's best and reputed universities across all fields having a presence. With 4 successful PEDICONS to its credit, IAP-Bengaluru is proud and honored to Host this prestigious conference. We eagerly look forward to seeing you all in Bengaluru & delivering a most memorable experience.

With warm regards

**Dr. Govindaraj M**  
Chief Organising Chairman

**Dr. Karunakara B.P.**

# Call for Papers - Pedicon 2017

## Call for `Free' & `Award' Papers

The Scientific Committee invites delegates who wish to give a presentation during the PEDICON 2017, the 54th National Conference of Indian Academy of Pediatrics, to be held from January 18-22, 2017 at Bangalore to submit the `Abstracts' of their scientific studies.

## Paper Category: Free Papers

The mode of presentation of free papers will be decided by the scrutinizing committee from amongst the abstracts received and authors will be informed accordingly. The papers not taken for `Oral' will be taken for `Poster'.

The text of the `Abstract' should contain not more than 250 words. It should be structured as far as possible in the following manner (Except Case Reports): (a) Introduction (b) Aims & Objectives (c) Material & Methods (including statistical methods where relevant) (d) Results (e) Conclusions.

## Instructions:

1. Abstracts can be submitted via email ID: abstract4pedicon2017@gmail.com
2. The deadline for sending in abstracts is 30th September 2016. This deadline will be strictly observed.
3. Abstracts or full papers sent by hard copy will not be accepted.
4. Please quote your Central IAP membership number (mandatory).
5. Papers from non-members will not be accepted.
6. You must have acknowledgment of the receipt of paper from Central IAP for the papers submitted by you.
7. Please mention the category of paper according to Sub-specialty given below:

ADOL	Adolescent Pediatrics
CAR	Cardiology
CP	Community Pediatrics
ENDO	Endocrinology
GE	Gastroenterology
GENE	Genetics
GD	Growth & Development
HO	Hematology – Oncology
ID	Infectious Diseases
IC	Intensive Care
NEO	Neonatology
NEP	Nephrology
NEU	Neurology
NUT	Nutrition
RESP	Respiratory
RHE	Rheumatology
MISC	Miscellaneous

## Research papers are invited in following categories of awards

(Mandatory: Read the award rules before submission of your paper, which may be obtained from the Central Office on request. The papers not submitted as per award rules will be rejected.)

- Dr. James Flett Endowment Award (Two Prizes) for the best papers on "Social & Preventive Pediatrics".
- Dr. S. T. Achar Endowment Award (One Prize) for the best paper on "Pediatrics".
- Dr. S. S. Manchanda Neonatology Research Award (One Prize) for the best paper on "Neonatology".
- Dr. V. Balagopal Raju Endowment Award (Two Prizes) for the best papers on "Child Health".

### Instructions:

1. The hard copy of the SUMMARY as well as FULL paper in 4 (FOUR COPIES) should be submitted to Indian Academy of Pediatrics, Kamdhenu Business Bay, 5th Floor, Plot No. 51, Sector 1, Juinagar, (Near Juinagar Railway Station), Nerul, Navi Mumbai – 400706 (India) along with the declaration certificate as prescribed in the award rules.
2. The SUMMARY should not be more than 250 words.
3. The FULL award paper should be in the style of "Indian Pediatrics".
4. The title of the paper should be brief but adequately descriptive.
5. The text of the summary should be structured as far as possible into the following manner (a) Introduction (b) Aims & Objectives (c) Materials & Methods (including statistical methods where relevant) (d) Results (e) Conclusions.
6. The papers not accepted for award competition will not be presented in any other category.

The last date for submission of award papers at the Central IAP Office (Hard Copy) is **30<sup>th</sup> September 2016**.

### Publication of papers:

The papers that have been accepted for publication will be published in proceedings of PEDICON 2017. IAP holds all publication rights including copyright unless otherwise intimated to the authors by IAP in writing.

### Hon. Secretary General,

## Obituary

### **Dr. SUNIL KUMAR SINGH MBBS, DCH**

No words are enough for our dear friend Sunil. Born in a middle class family in Bihar, he graduated in Medical Sciences from one of the prestigious college of Bihar, A N Magadh Medical College, Gaya in 1990. After completing his Internship from the same he joined Junior Residency in Hindu Rao Hospital, Delhi in Pediatrics department. He got married and we were planning to have a big bash to celebrate his marriage anniversary this year but fate had something else in mind.

On the dreaded day of April 20th, 2016 he was shot dead in hospital OPD of C H C Jaspur, Udham Singh Nagar, Uttarakhand sending shock waves all around. It was unbelievable and still we are trying to come to terms. He joined the UP PMS services as adhoc Medical Officer and was posted in CHC Jaspur since last 16years as Senior Pediatrician. While in service he completed his DCH from Meerut, Uttar Pradesh. He was the only Pediatrician in the region and was well known and quite popular among patients. He was very humble and generous and far as I remember in the last 30 years since I have known him I have never seen him speaking any harsh words or behaving arrogantly with anybody.

He was devoted to his work and was always concerned for the welfare of the patients. Even on the fateful day being a holiday, he was examining patients in the OPD when he was shot dead from point blank with no chances of survival. He is survived by his home maker wife and two sons. The elder one is graduating this year in B. Tech, while the younger sibling has just passed 12th exams and is preparing for medical entrance as per his father's wish.

It's still unbelievable for me and all his friends and colleagues and we are still trying to come to terms. We are supporting his family in all the ways and means that we all can in this period of crisis. We will miss you Sunil..... may his soul rest in peace.

**By Dr. D. S. Rawat**

# Notice of IAP Election – 2017

## IAP ELECTION – 2017 SCHEDULE

(Subject to change under unforeseen circumstances)

Process	Completion Date / (Time)

Respected Teachers, Academicians and dear colleagues,

Greetings and regards from Bareilly, the city of Jhumkas, Thumkas, Surma and Priyanka Chopra.

As you are aware that I am re-contesting for the post of IAP President Elect 2017, I am humbly submitting, my candidature for your kind perusal.

After 30 years of my career as a pediatrician and 20 years as an active member of IAP in various capacities, I got the opportunity to travel across the length and breadth of the country and interact with many of my colleagues at various platforms.

All these years have been a learning experience for me. I wish to work for IAP with a 'mission' and implement your vision about IAP, if given a chance to serve the prestigious Academy, the IAP.

I firmly believe that besides academics and advocacy, the various perspectives, viz. welfare, day to day technical and legal issues with the Govt. authorities, attacks on the fraternity should also be dealt firmly. Now the time has come when all of us should unite and put a firm foot forward to strengthen ourselves.

I shall be elaborating "MY MISSION MY VISION" (A to Z) in subsequent days to take your blessings.

I am the only cosmopolitan candidate contesting for the President's post as my paternal roots are from Haryana, maternal from Rajasthan, born in UP, initiated medicine studies from Maharashtra, PG from IMS BHU (UP) and residency from Delhi after being awarded 10 Gold Medals during my UG studies.

I started my active participation in IAP and dedicated 3 years as In charge of Polio Eradication Mission of IAP in Bihar.

I am not a big name but indeed have big plans, I am not a being Academician but have a deep craving for academics and academicians.

Looking forward for you precious and kind hearted support. Please oblige by casting your vote in my favor.

Yours truly

Portfolios held:

- Asstt. Prof, Govt. Medical College, Badaun, UP
- President IAP, UP State 2013
- National Vice President, 2009
- National Coordinator, Comprehensive Diarrhoea management program.

- National Vice Chairperson , Infectious Diseases Chapter of IAP, 2011
- National Vice Chairperson, IAP, FBS, 2011
- National Trainer, Poor Scholastic Performance Program, 2011
- National Trainer for Allergic Rhinitis Control Program, 2011
- National Trainer Parenting Program, NRP, NSSK, ARCTM & CRPP programs of IAP

### DR N RAVI KUMAR

#### Reading Writes the MIND

Dear academicians and friends

Drawn to frontiers of elections I stand as the contestant for President Elect 2017, through these lines I try to reinvent myself 25 years of life with IAP.

**“As the post is neither promotional nor prioritized and sympathy based, persons of ability, dynamism, with untiring organizational capacity and above all one who is empowered by the primary member shall give the much needed dignity and grace to the post”.**

My PG from Niloufer Hospital OMC gave me fillip to trod as team to organize health care for children and from 1992 year of my membership in IAP, I never paused. I had many papers for publication in conferences national and international and Gold medals for few. As teacher and as faculty I welcomed the zest of students and supported the academic activities in full form. Indexed with IJPP as Advisory

Board Member and Assistant **Editor-in-chief** of Asia Oceania Journal of Paediatrics & Child Health (AOJPCH)

As secretary TCB the branch was adored with 5 best branch titles and state branch title. Many TOTs have enabled me to lay new roads. Elected as central executive on 4 occasions I voiced the views of our members & friends from all regions of the country supported my recommendations indeed it was with their support and strength and confidence endowed by central office that helped me engage the Asia Pacific countries to win the bid to host APPA conference. I was identified for organizational strengths and as **chief organizing secretary** APPAPEDICON 2016 our team showed the unity in conduct of mega event.

My social circuits with media gave scope to discuss on myriad child health topics UNICEF, PATH helped me contribute. **My book** (Exercise the art of Pediatric Diagnosis) finds acclaim. FIAP was feather in the crown. Social awards like AATHMEYA PURASKAR by History of Hyderabad and "VYDYARATHNA" added new dimension to my responsibility.

My friends identify me as an inclusive leader & Viewed in light, we pediatricians should extend ourselves as sizeable slice are out of the fold of IAP I shall put all efforts to reach and include them. Apart from ongoing Projects I look forward to working out on creating domain to stay connected to all **PRIMARY MEMBERS**. I sincerely hope that all my learned friends shall come forward for voting and select me as president elect

Thankfully Yours

Dr.N.Ravi Kumar

## DR SANTOSH T SOANS

Dr Santoh Soans is an alumnus of Kasturba Medical College, Mangalore / Manipal. He served as faculty at KMC Manipal and Father Muller Medical College before joining AJ Institute of Medical Sciences, Mangalore as Professor, HOD and Chief of NICU / PICU.

Pediatric Intensive Care is his specialization and Dr Soans has pioneered its advancement at institutional

and practitioner level. An experienced academic and practicing pediatrician, he is a much sought after speaker at conferences. He has authored two books, contributed chapters to medical text books and published articles in medical journals.

In a career spanning nearly three decades, his contribution to pediatrics has extended beyond the clinic and classroom to include all activities of IAP and sister organizations at regional, state and national level. A Rotarian and a Freemason, Dr Soans is married to Mrs Sarita and they are the parents of Nihal and Nikita.

**PRESIDENTIAL ACTION PLAN:** Proposed modules: (1) 'Developmental assessment made easy for practitioners'; (2) 'Interpretation of lab reports in practice'; (3) 'Prevention of indoor air pollution in children' and (4) 'Communication skills for young pediatricians'; (5) Continuation of HOPE, RAP, ATM and Mission Kishore Uday to reach every district; (6) Advocacy in breast feeding; (7) Impetus for involving academics from medical colleges; (8) Special programs for lady practitioners; (9) Boost for high quality evidence based research; (10) Agenda driven activities; (11) Able central office support for state and district units; (12) Big tent philosophy - inclusive approach under IAP umbrella; (13) Boost to IYCF and medical ethics.

### POSITIONS SERVED:

**CENTRAL IAP:** National Vice President (2010); National Convener, HOD Cell (2010-2012); National Coordinator, PEDISATCON satellite based CME; National Convener, Faculty Training Program (2011); National Coordinator, OPPE (2012) & HOPE (2015); National EB member representing Karnataka (four terms).

**STATE IAP:** President, Karnataka State Branch (2015); Joint Secretary (1996-2005); Treasurer (2009)

**INTENSIVE CARE:** National Chairman, Intensive Care Chapter (2013); Editor, The Intensivist (2005-2008); Founder President, ICC Karnataka State Branch; Senior Editorial Board Member, Journal of Pediatric Critical Care; Founder Chairman, Indian Society of Critical Care Medicine (ISCCM), Mangalore Chapter.

**CONFERENCES ORGANISED:** Organizing Secretary for CRITICON 2003; CRITICON 2005; Indo-

US Emergency Medicine Summit (2008 / Executive Secretary); KARNATAKA PEDICON (2009) and National Conference of Pediatric Critical Care - NCPCC (2012), ADOLESCON (2015).

**BOOKS AUTHORED & ACADEMIC ACTIVITIES:** (1) Pediatric Intensive Care Protocols; (2) Neonatal Drug Formulary; (3) DM Examiner – Pediatric Critical care.

**Aspirants for the membership of Executive Board of IAP 2017**

**ANDHRA PRADESH (Two Vacancies)**

### **DR K RADHAKRISHNA**

Dr. K.Radhakrishna was both an undergraduate and postgraduate of Andhra Medical College, Visakhapatnam. During his undergraduate career he won prizes and medals in Physiology, Pharmacology, Microbiology & Medicine. He was the best outgoing student of his batch for which he was awarded **SILVER JUBILEE CELEBRATION COMMITTEE PRIZE in 1980**. He was awarded **BABY BODAPATU VENUGOPAL PRIZE** in MD Pediatrics for having secured the highest marks in Andhra University. Immediately after finishing his Post graduation he joined as an Asst. Professor of Pediatrics, Andhra Medical College. He loves teaching students and the Student community acknowledges him as a **GIFTED TEACHER**. He quit Govt. service in 2001. He is the **Managing Director & Chief Consultant of OMNI - RK Woman & Child hospital**, a tertiary care center. As on date he has delivered more than 800 lectures in IMAs & IAPs in our state. He has a few publications in National journals. He was the Organizing Secretary of APPEDICON 2000 & Organizing Chairman APPEDICON 2008. He was an EB member 10 years ago. He had been the **PRESIDENT**, Indian Academy of Pediatrics, AP STATE Chapter for the year 2010.

### **DR K RAFIQ AHMED**

Graduated from Kurnool medical college. Kurnool A.P  
M.D pediatrics from SV Medical college. Tirupathi A.P

## DR NIRANJAN KUMAR AGRAWAL

I am privileged, honoured, rather destined to serve the children of this country through IAP .I, most humbly and gratefully thank you all for the love and affection showered upon me and confidence and faith reposed in me. On health front, India also boasts to be top-most in child mortality in the world. Out of 9 million deaths among under-five children, 20%, i.e., around 2 million children die in India every year, mainly due to neonatal sepsis, neonatal asphyxia, vaccine preventable diseases including pneumonia, diarrhoea and measles, and severe malnutrition. India is a predominantly rural country. If the rural health is improved then only we will progress and today's child is a future of our country and most neonatal and infant morbidity and mortality rate is more common in rural area. Rural child lacks basic health facilities, transportation of sick children to nearby primary health center, insufficient staff or caretakers, low economy, lack of trained paramedical health workers, misbeliefs or superstitions in village folks add more health problems in rural area We at IAP dedicate our efforts and resources to the improvement of the health and well being of all children and strive for the achievement of the optimum growth, development and health in the physical, emotional, mental, social and spiritual realms of all children irrespective of the diversities of their backgrounds.

**CHANDIGARH / J&K / HIMACHAL PRADESH  
(One Vacancy)**

## DR ASHWANI K SOOD

- Graduate and Postgraduate from IGMC Shimla 1981. Joined State Government Services as HPHS-1 in 1983 and joined Deptt of Medical Education in 1996 as Senior Resident and presently Prof and HOD Pediatric Medicine India Gandhi Medical College Shimla.

#### **DR DIGANT D SHASTRI**

Dear IAP Member Friends, At the outset I extend my sincere thanks to all my fellow members for the encouragement, guidance & support extended to me during last 20 years, while working for the IAP in various capacities at Local, State, and National level. Friends, with the help of your valuable vote I have been elected as state representative at the central IAP for 2007, 2008, 2010 & 2013. When I look back and introspect my performance at the CIAP executive board, I have sense of satisfaction as I had actively represented on issues which are important from child health and issues which were of concern for a IAP member. Under my chairmanship in year 2007, IAP Gujarat launched the paramedic training project-TRUMPPS in partnership with Government of Gujarat and ever since then we have trained 3000 paramedics in the state & the project has been replicated by Central IAP as "IAP TOUCH" These has motivated me to file my nomination for the post of EB member at the central IAP to represent our state once again. Friends I request all of you to give your mandate once again in my favor.

In service of academy,

#### **DR JAYANTI K GOSAI**

Qualification: MD/D.Ped in Pediatrics, APGPN (Boston University)

Secretary, Academy of Pediatrics, Ahmedabad (2014)

Executive Board Member, Academy of Pediatrics, Gujarat (2014)

President, Academy of Pediatrics, Ahmedabad (2015-16)

Secretary, Academy of Pediatrics, Gujarat (2015-17)

Organizing Secretary, MidTerm Scientific Meet AOP Gujarat (2015)

Treasurer, 1st Antimicrobiocon Conference (2014)

Candidate for Executive Board member of Central IAP from Gujarat, 2017, have a vision towards the

organization that there should be Transparency besides Academic Excellence. As a member of the organization, I promise to strive for the betterment of the society and our fraternity. I strongly believe that the Academy should work without any personal or regional bias and everyone deserves an equal chance. I have no problem in being the workhorse of the organization, but whenever I take a task, I like to finish it with complete efficiency, and using the minimum resources. It is said "COMING TOGETHER IS A BEGINNING; KEEPING TOGETHER IS PROGRESS; WORKING TOGETHER IS SUCCESS (HENRY FORD)" and I believe in the principle that each and every one of us tries to give our best, together, we can take the organization to the next level. During my tenure at regional levels, I have, with the help of my team, uplifted my organization and made our regional organization prominent at national level.

## **DR JR GOHIL**

I request you to vote for me. I promise to work for IAP and its members' benefits, solve problems and carry on educational activities and further the evidence based knowledge and practices to make learning an experience to remember. I am Professor and Head of Pediatric dept and additional dean at Govt Medical College, Bhavnagar. I have worked in past at BJMC Ahmedabad and SSG Baroda and a brief stint at Rajkot. I passed my MBBS, MD, DPed from BJMC. I have held the posts of Secretary IAP Gujarat State branch 2 yrs; Treasurer IAP Gujarat 2 yrs; President and secretary IAP Ahmedabad; President Bhavnagar branch. I helped organise Midterm and state conferences at Ahmedabad, Bhavnagar and Pedicon at Ahmedabad. Also the International Kangaroo Mother care conference at Ahmedabad and state NNF conference at Jamnagar. Also the national workshop on Traditional practices in Neonatal care and workshop on Manpower needs in Neonatal care at Ahmedabad.

I have published about 20 papers, and given several talks on 'Breast feeding counseling tips' at various places in India and Gujarat and guided many students for their PG as well as UG studies. Again asking you, and ask your friends to vote for me.

grassroots IAPians in the areas of academics, advocacy and bring fresh & innovative ideas from them, for the advancements of IAP initiatives.

### HARYANA (Two Vacancies)

#### DR ANIL KUMAR SANGHI

No Message / Biodata

#### DR MAHAVEER PRASAD JAIN

My Dear fellow IAP'ians,

**"The future depends on what we do in present" - Mahatma Gandhi**

We need to make the present acceptable to all our members with a system having equitable rights of all members as per law of land and constitution of IAP. Future can only be secured if present is transparent on the foundation of a transparent past. Being in IAP, I am striving hard for the same. I sincerely follow the philosophy spelled out by our great leader "NETAJI"

**"An individual may die for an idea, but that idea will, after his death, incarnate itself in a thousand lives".**

For last 3 years I am fighting for the idea of honesty & transparency in IAP without any bias towards anyone.

I am thankful to all members of Haryana IAP for their all out support & love for me always and again I sincerely request them all to bless me with their love & support to make me success to achieve this goal.

Association must have a transparent and crystal clear financial statement and administrative approach which probably are lacking as on today and my effort is to put finances on a solid ground without any blemishes.

**"Success belongs to those who acts boldly without being afraid of consequences"**

**- JAWAHAR LAL NEHRU**

JAI HIND!

JAI IAP!!

Gurgaon

#### DR RAMESH KUMAR GOYAL

Dear Friends,

I am practising paediatrician at Gurgaon from 1998. I did my MBBS from SP Medical College, Bikaner (Raj) and MD (Pedia) in 1992 from SN Medical College, Jodhpur (Raj). After serving 5 years in Rajasthan Govt., I started my private practice. I pursued my post graduate diploma in "Development Neurology" from University of Kerala, Trivandrum. I am member of IAP since 1994 and served different posts in IAP, NNF and IMA for last 15 years at District, State and National level. Few are as follows-

1. IMACWC Member 2015
2. President, IMA Haryana State Branch 2014-15
3. President, NNF Haryana State 2014
4. Chief Election Commissioner National IAP 2014
5. Org. Chairperson National Pedicon - 2012
6. Executive Board Member, National IAP -2012, 2015
7. President, IAP-Haryana State-2010
8. President, IMA, Gurgaon-2010-11

I shall work for the betterment of IAP and help it to grow independently with pan India participation of its members and corruption free administration. I request to elect me for the executive Haryana post to achieve the goals.

Dr. Ramesh Kumar Goyal

### **MADHYA PRADESH (Two Vacancies)**

#### **DR ASHWANI KUMAR SYAL**

Dear esteemed IAPions,  
Heartiest greetings,

I am contesting for post of member IAP executive board from the state of madhya pradesh, on the advice of my senior, colleagues and well wishers.

IAP is the organisation of paediatricians who have served the children of the country in selfless manner throughout their life.

I wish to work for better working and learning opportunities for fellow members.

I shall work for arranging academic sessions and workshops to keep abreast with latest scientific developments enabling us to provide standardised care to children of country.

I shall also work for new district branches of IAP. Unity is strength.

I shall continue efforts towards core areas like reduction of child mortality, nutrition, child development, advocacy of immunisation, safe guarding girl child, adolescent health to name a few.

I have received your blessings during my tenure as President IAP MP State Branch 2015

Secretary IAP MP State Branch 2008

Organising Chair person 46th Annual conference of IAP MP State Branch ,MP Pedicon 2015.

I have always received your guidance and help

I seek your support and blessings.

With regards

Dr. Ashwani Kumar Syal

Consultant pediatrics

Indira Gandhi Hospital

Bhopal M.P.

### **DR KEDAR S MALWATKAR**

I, DR KEDAR MALWATKAR am basically from Amravati. With schooling from Nagpur, I was a Gold Medallist during MBBS/MD from Solapur/Miraj (1992). After getting experience in Mumbai, I settled down in Nashik. Initially, a full timer in Medical College, I am practising General Pediatrics now. I am currently HoD & Chief Consultant in Wockhardt Hospitals, Nashik. Over the last 13 years, I have served Nashik-IAP (Treasurer & Secretary), Maharashtra-IAP as

Treasurer (2005 & 2006), as Secretary (2007 & 2008) & as President (2012) & Central IAP as EBM (2013 & 2016).

As an organising secretary, Maha-Pedicon 2011 (Nashik) was a huge success, & for the first time the attendance crossed 1200 mark from an average of around 500 delegates.

During my Presidency of Maha-IAP, 10 new branches from Maharashtra were formed and recognised as branches by Central IAP.

In last 50 years Maha-IAP got BEST BRANCH AWARD ONLY twice - during my tenure as secretary (2007) & then as President of Maha-IAP (2012).

I co-authored a review article in "Seminars in Fetal and Neonatal Medicine" in 2008.

With such a vast administrative experience, I appeal you to endorse my candidature for post of EB 2017.
