Dear IAPians,

It is a pleasure for me to write my first message to you as the President of IAP.

At the outset I wish to acknowledge with all humility, the surge of congratulatory messages from all of you for serving a successful term of office. Thank you with all my heart for your good wishes. I especially wish to thank colleagues of Nagpur for arranging a fabulous Installation Ceremony during Nagpur Pedicon. It shall certainly remain one of my fondest life memories, as will Nagpur Pedicon, which set a new benchmark in overall excellence.

The national conference also played host to the EB meeting which was well attended and went on smoothly; a lot of business was concluded during the meeting. I am delighted by the excellent co-operation I have received from one and all. As a further innovation and a symbolic gesture to organization unity, I have released the Presidential Action Plan jointly with President Elect Dr. Digant D. Shastri. I seek your co-operation and support for making it a success.

IAP has so far been riding on its solid growth which was sculpted by the hardwork of our movement's stalwarts of the last 50 years. The foundation for the next 50 years should be built by us with matching – if not more – imagination. Now it is time for us to take charge and do some value addition on our part. "The future belongs to those who believe in the beauty of their dreams," said Eleanor Roosevelt. Let us put our minds together and look into the future with creative strategies for meeting emerging challenges. As I said in my Installation Address at Nagpur, a good leader is not he who has many followers, but rather who creates many more leaders. IAP distinguishes itself by virtue of a decentralized leadership structure. The organization offers innumerable leadership opportunities at every stage, like national level, state level, district level and city level. There are also many avenues of service within IAP sub-chapters too. I urge each of you to involve wholeheartedly in your local activities and pursue a leadership track which provides scope for your future growth. Today IAP needs more leaders than ever before. We need your full involvement and participation. Let us herald a resurgent IAP with new vision and enthusiasm. I thank Dr Remesh Kumar, first HSG outside Mumbai for the extraordinary commitment and hardwork.

I express my best wishes to you all and seek your continued co-operation and participation in IAP activities at all times.

Dr. Santosh T. Soans
President
Central IAP

My Dear Fellow IAPians,

Wish you all a very happy and prosperous 2018!!

At the outset I express my sincere regards and thanks to all of you for the support extended to me in the IAP Elections 2018, helping me to get elected as President Elect 2018 and opportunity to serve our prestigious organization and its members. It reaffirmed my faith in our mother organization IAP which has recognized my contribution in child health, academics and academy in last 17 years.

My compliments to all IAP members for their active participation in the 1st ever totally digital election of IAP and congratulations to out going election commission for successful completion of 1st ever IAP election conducted with 100% electronic voting.

Our esteemed organization IAP commands great respect in the eye of government and non-government international organizations and this has not been possible in one or two years- it is all due all efforts put by our visionary seniors and active involvement of members in academic plans of IAP. Our association was famous for transparent and nonpolitical working. We need to strengthen our image and continue working as academic professional organization where the organization is supreme.

For any professional organization, its members are the real strength and we need to strengthen our organization by motivating and enrolling the pediatricians as life member of IAP. I appeal each one of you to make at least one new member and expand our association.

This year my predecessor Dr. Santosh and me have come out with new concept of joint action plan and I wish this tradition continue so as continuity of work will be maintained.

Friends, my vision can only be through your eyes. Please send me your suggestions/ideas and proposals by sending email on my designated official email address : president.elect@iapindia.org , it will help me in drafting plans and policies for year 2019.

With warm regards to one and all

In the service of Academy.

Dr.Digant D Shastri

IAP President Elect 2018

Respected CIAP Past Presidents, Seniors, all the President & Secretaries of all Districts & City Branches of Central IAP & dear Esteemed members,

I am feeling highly proud to take the opportunity to talk with you through our Academic Today & convey my greetings for the Happy prosperous & healthy new year 2018 to you all.

I expressed my heartfelt thanks & gratitude to all of you from the core of my heart for the support that I have received from you as CIAP Vice President (East Zone). I am feeling proud once again to be the member of dream team of 2018 CIAP EB headed by President Dr Santosh Soans. I am indebted to you all. I wish to serve the Academy to the best of my ability and uphold the spirit of IAP.

I think all of you had enjoyed the Great Hospitality with Academic feast, Mouth glittering dishes along with colourful & gorgeous Presidential dinner, release of Pedicon theme Song during Inauguration in presence of Hon'ble Union Minister Mr Nitin Gadgari Sir & fantastic Cultural events of 55th Nagpur Pedicon under the able guidance of Dr Uday Bodhankar alongwith the energetic team of ever smiling Drs Vasant Khalatker, Jayanta Upadhyay, Sanjy Desmukh & the whole organising team of Nagpur IAP. The recently concluded Pedicon was the one of the best Pedicon from all respects. Lots of congratulations to entire Nagpur Pedicon team & best wishes for Mumbai team for 2019 Pedicon.

This year our beloved President 2018 Dr Santosh Soans has been kind enough to decentralise the task of President with the Five Vice Presidents of different Zones.

President entrusted me with the charge of the CIAP District / City Branches & one successful meeting was held on 5th January 2018 for more than 2 hrs at IAP meeting hall of Suresh Bhath auditorium where many of ours District & City branch Presidents/ Secretaries from different corners were present along with our CIAP President, President Elect Dr Digant Shastri , HSG Dr Remesh Kumar & other Office bearers. We had detailed discussions of our total 28-30- Presidential action plans of 2018-19. We requested all the Presidents and Secretaries of IAP City / District branch to work as a TOTAL team 2018, not as an individual.

With warm regards to one and all.

Yours sincerely,

Dr.Arup Roy

Dear Friends of IAP,

Its my proud privilege to communicate with you all in capacity of First Vice President Central Zone. I am indebted for the trust which you have reposed in me with the great responsibility to take our glorious organization to greater heights.

Being a true soldier of IAP, i am duty bound to carry out the duties assigned to me to the best of my abilities.

Undoubtedly the Prestige & Empowerment of IAP is inseparable form our own & its due to immense efforts of hundreds & thousands of its members that IAP is a force to reckon with, Nationally & Internationally. But several new horizons have to be reached & many new summits

have to be conquered. It needs a team effort to uplift the organization & i am fortunate to be a part of an excellent team. The one which is committed not only to Academics but also Social out reach, & improved image projection of a Pediatrician in public eye. The one which has transparency, democracy & consensus as its core values, the one which YOU all have chosen.

Friends, our Honorable President Dr Santosh Soans & President Elect Dr Digant Shastri along with their think tank have charted out a very effective, ambitious yet implementable Joint Presidential Action Plan for two years which is soon going to be rolled out all over the country in a coordinated manner.

I am entrusted with the responsibility to ensure that State & District Branches of Central Zone get the maximum benefit out of them. For this herculean task i would need your very active participation, cooperation & timely suggestions to make it the best performing Zone.

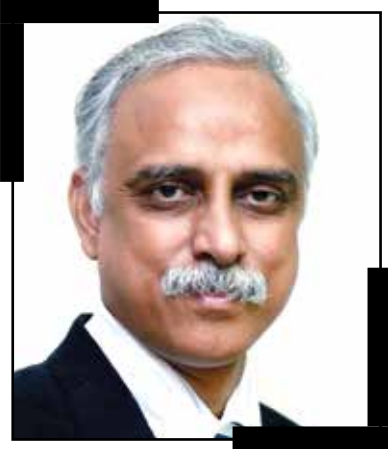

Please mail requirements of your Branch ASAP

so that events can be planned accordingly. Besides this feel free to extend your invaluable suggestions of any sphere which can improve IAP 's working & your feedback time to time. Only if every member of IAP feels empowered & is actively involved in decision making of IAP, we can call ourselves a great organization.

Thank you all

Warm Regards

Dr Vineet Saxena

Resp. Teachers, Seniors, Friends & IAP Colleagues,

At the outset, I thank our beloved President 2018 Dr Santosh Soans, for giving me this opportunity to write in Academy Today as the National Vice President from West Zone 2018. Amongst all Vice Presidents, I am the junior most or the youngest VP both by age and by experience in IAP.

As you all know, IAP had a turbulent phase over last few years. Incidentally, I was elected as EB member by Maharashtrians during these very years. I tried my best to convert this adversity into an opportunity to learn the nitty gritty of IAP. This year, we the Office Bearers of CIAP face an uphill task to bring back the lost glory of IAP and the focus will be shifted back to academics and wellbeing of children of India. Our main focus will be to bring transparency in the functioning of IAP.

We are fully aware of the expectations of the common IAP member from us and we shall try our best to fulfil the same. Fortunately, this year our academy is led by Dr Santosh Soans and Dr Digant Shastri.

Friends, in 2013, in the Kolkata SGM, there was a lot of debate over electing 5 Zone wise Vice Presidents. But, the proposal was voted out. Last year again, the issue was taken in Delhi SGM and it was accepted. Initially it was argued that even one VP has no defined role in IAP administrative affairs but friends, with IAP in the hands of an able administrator Dr Santosh Soans, we all 5 VPs have been given huge responsibilities by Hon President. I as VP has been given a responsibility of all the state branches and am expected to sort out all issues of the state branches along with the District or Local branches of West Zone [i.e. from Maharashtra, Gujarat & Goa along with Union territories Dadra and Nagar Haveli and Daman and Diu]. Each one of us has also been given responsibility of Zonal Pedicon. In addition we as Zonal Convenors of all the modules and programs of CIAP, along with the EB members of the Zones are expected to supervise the distribution of programs uniformly in our zones.

With gratitude to the Hon President and General Secretary Dr Remesh Kumar, for incorporating the newly elected Zonal Vice Presidents in important functioning of IAP, I humbly sign off.

Dr Kedar Malwatkar
Nashik, Maharashtra.
Vice President [West] IAP 2018.

Dear IAPians,

Greetings.

I am glad to be part of the,"IAP Dream Team " with dynamic president Dr Santosh Soans , secretary Dr Remesh Kumar , president elect Dr Digant D Shastri , Immediate Past President Dr Anupam Sachdeva and talented vice presidents. My sincere thanks to everyone of you for making it happen so.

It is heartening to note our team in quick action as promised and smooth, fruitful conduct of meetings; rolling out a multipronged IAP Action Plan to be continued for two years.IAP is yours ; Your active participation is solicited; suggestions and contribution are welcome. A fantastic IAP action plan is being rolled out covering all important issues related to child health; and to continue for subsequent years.

I congratulate Dr Jesson C Unni for taking up a responsible and difficult task of bringing out a wonderful bulletin , "Child India ".

VICE PRESIDENT NORTH ZONE

Dear Friends,

Greetings from Chennai!!!

First of all, I thank all the members for electing me unanimously and giving me a chance to serve the Academy.

The current executive structure has changed with 5 Vice Presidents who represent the 5 zones and now carries more authority, with the President delegating specific responsibilities. I thank him for converting an ornamental post into a useful executive post and assure him to fulfill his vision for the academy,

My journey in Indian Academy of Pediatrics which started in 1982 continues and, I am happy and indebted to the academy. I have served the great organisation starting as a member and had grown with the academy occupying various positions like State President of Tamil Nadu; State Secretary and State

Treasurer & Chennai City Branch President. Though I have tried my best to give back to the field of Pediatrics, there is always the feeling that the academy has done lot more to me, and this opportunity given now would probably help me in fulfilling what I owe to the academy.

“Coming together is a beginning; keeping together is progress; working together is success”. This year our President and President-Elect have joined together and formulated Presidential Action Plan 2018-19. It is a great idea and our members will definitely benefit from “THE Epidemics of Academics”. I am sure one day The Epidemics of Academics will become The Endemics of Academics.

In 1950, doctors in practice could expect the total amount of medical knowledge to double every 50 years. By 2020, it will take just 73 days. Indian academy of Pediatrics makes every effort to keep the members professional knowledge and skills up-to-date through various activities like Presidential action plan, conferences, etc. To give quality care, one must regularly take part in activities that maintain and develop competencies and performance. Lifelong learning is not luxury and is a necessity. Once you stop learning you start dying (Albert Einstein).

When Lord Rama built a bridge over the sea, a little squirrel was also carrying little pebbles from the mountains and throwing them into the sea. We are like these little squirrels. We will help our President and President-Elect to achieve the goals.

We have begun our tenure with a successful Pedicon 2018. The credit goes to our President and the organisers, especially Dr. Jayant Upadhye and Dr. Vasant Khalatkar . The Executive Board and General Body meeting were conducted in an exemplary way. With a view to have more members’ participation in the General Body, our President conducted it at 4.00 PM for the first time in the history of IAP!!!

I thank the President Dr.Santosh Soans, President-Elect Dr. Digant D Shastri and Honorary Secretary-General Dr Remesh Kumar for having empowered me to serve Indian Academy of Pediatrics as Vice-President.

I thank the President for the trust and confidence in me. I am confident that I will redeem the trust of our President well. I thank the President for bringing me to the limelight of Indian Academy of Pediatrics and I assure all the members that I will perform my duties competently.

Thanking you.

Jai IAP!!!

Sincerely yours,

Dr.D.Gunasingh,

Vice-President,

Indian Academy of Pediatrics, South Zone

Dean(Retd) Kanyakumari Medical College.

Dear Esteemed Fellow Academicians,

It is my pleasure and honor to be communicating with you all once again through our news bulletin viz. Academy Today as the Past President of IAP.

It is amazing to see the impact of the changes we brought in the constitution on the dias during the PEDICON 2018. It was heartening to see Dr Remesh Kumar as the Secretary and the five Vice Presidents from the five zones of the country representing the aspirations of the people from every nook and corner of the country. The changes which we have envisaged and brought out will make an impact on the academics of IAP in the near future. With the introduction of IPAN we will have all pediatricians on the same network. The Indian College of Pediatrics will be functional from March and will ensure uniform training of not only super specialists but of the Pediatricians. I am sure that these changes will ensure that IAP touches new heights and continues to keep scaling higher and higher. It also shows that we are ready to change ourselves for the better and adapt to various changing environments to deliver our best always. I would love to hear out your suggestions as well and accordingly see to it that together we all can and will work in a manner so as to ensure smooth progress of IAP at all points.

It has been a wonderful experience working alongside great academicians, who have been providing us with a regular supply of academic feasts in spite of all the hitches and speed breakers they have faced in bringing our organization to this prestigious level. I would like to thank each and every one of them. It is due to all your efforts that this has been a truly memorable year for me.

Long Live IAP!!

Dr. Anupam Sachdeva
President, IAP 2017

Dear colleagues,

Warm Greetings from Central IAP Office!!.

I take immense pride and pleasure to present before you the 2018 Mar. issue of our organisational mouthpiece "Academy Today " .

I am most fortunate to be in the 'Dream Team' entrusted to take this mega organisation of 27,000 plus members forward this academy year. I feel most privileged to be the 1st Honorary Secretary General of IAP outside Mumbai. As such, it demands extra commitment and effort from my end to do justice to the responsibility beautifully shouldered by my predecessors in the yesteryears.

PEDICON 2018 at Nagpur has set a new benchmark by showcasing a wonderful unparalleled mix of academics & opportunities for socialisation blended by the most heart warming hospitality. Our Team of Executive Board Members 2018 got into full steam in the backdrop of this lovely ambience. It was unity personified when our vibrant President Dr Santosh Soans & President Elect Dr. Digant Shastri committed to a Joint action plan for next 2 years to keep the programs rolling in continuum. The " Epidemic of Academics" will feature over 22 modules from Clinical Paediatrics as well as few burning issues on Child Advocacy & Quality Initiative aspects.. President Dr Santosh Soans is taking maximum care to have the modules spread out in an equitable manner across all the zones with special attention "to reach the unreached" branches.

Along with Jt Secretary Admin Dr Sandeep Kadam & Treasurer Dr Upendra , we at CIAP Office have set the focus straight to have the systems in place. Utmost priority has been placed for keeping the communication lines open and prompt with each and every member across the country. Database revalidation is already in full swing to provide each and every member the opportunity to exercise his franchise in the future elections. Online updation of member data will not remain a dream hereafter. We are almost through with total revamp of our website and replace the conventional physical server with the virtual cloud server which can give us much more room to host and network.

My beloved member Friends, I realise the utmost faith and confidence you have placed in me when you selected me to take up the mantle and responsibility of Honorary Secretary General in Central IAP. I am lost of words to express my sincere gratitude to each and everyone amongst you for sharing the love and affection through the family of IAP.

Dears, now it is my turn to live up to your expectations and deliver the goods. I always believe IAP is primarily for MEMBERS even while reaffirming our commitment towards the cause of children of our country. I promise to continue working with you as a grassroot IAPian , but at the same time privileged to represent your cause at the national level.

Together let us build up an IAP where every member is reached and heard. Let us pledge to nurture this as a platform where we foster academics with camaraderie and dedicate ourselves for the welfare of the children of our country .

Jai IAP !!
Jai Hind!!

Sincere Regards
Remesh Kumar R

The 55th Annual conference of IAP was held at Suresh Bhat Auditorium at Reshimbagh Ground from 04 Jan 2018. On 02nd Jan BLS (Basic Life science) programme was organized at Suresh Bhatt main auditorium where more than 2500, students, nurses & public was trained by BLS Team. On Jan 03 a total members of 29 workshops and 05 TOTs were organized at various hospitals and main venue. Simultaneously EB Meeting was started at Hotel Centre Point CONTINUED on next day which was followed by Presidential Dinner at Telankhedi Garden, Nagpur in a traditional Maharashtrian style which was attended by more than 2000 members.

Main conference & CME started on Jan 4th with registration of more than 2500 delegates registering themselves within 03 hours next 03 days over the conference venue witnessed a presence of 4500 delegates, 1000 accompanying delegates, nearly 588 faculty members. On Jan 4th total 10 CME including Global CMES by Dr Raj Warriar and his team (US). Over 250 exhibitors and around 220 organizing committee members were instrumental in running the conference. The conference was inaugurated with complete fanfare in the presence of **Hon. Shri Nitin Gadkari ji**, Union Minister for Road Transport & Highways, Shipping and Water Resources, River Development & Ganga Rejuvenation, Government of India as a Chief Guest. Scientific sessions were featured in 12 halls which were packed with academician.

Lunches were arranged at Reshimbagh Ground and Hotel Centre Point. The Inaugural Dinner on 4th was also held at Reshimbagh Ground and marked an attendance of over 5000 delegates. Various entertainment events were witnessed by delegates at Lunch area. The banquet dinner on 5th was organized at Surabardi Meadows with an attendance of over 6500 delegates. The main highlight of this dinner was live musical bonanza by a Rockstar Neha Kakkar. Likewise, the Gala dinner at Surabardi Meadows on 6th was marked by the grand show by Himesh Reshamiya with an attendance of over 5000 delegates. Separate faculty Lounge and Faculty Dining was highlight of the conference. Beautifully carved pharma layout with plenty oranges added feather in the cap of conference. Proud to say that IAP is solid as the GBM was held in serene environment.

It was a feeling of great achievement when 55th Pedicon at Nagpur was acclaimed as a super successful event ever in the history of IAP. It was all the hard work of entire Organizing committee TEAM PEDICON and event organizers Cox and Kings.

The conference was marked by presence of the huge number of delegates came from all corners to attend the interesting academic and fellowship feast.

Team Mumbai has set the ball rolling by starting early bird registration for next Pedicon at the venue. Team PEDICON 2018 wish them all the best for Pedicon 2019 at the valedictory function by handing over the **Batten**.

Appreciation comments, mails & phone calls claimed Pedicon 2018 as the best ever Pedicon.
