Greetings from Mangalore.

Dear Colleagues,

One of the first powerful impressions I gained immediately after assuming office as President of IAP is the almost instant shift in perspective. I'm sure everyone who has occupied my chair earlier has also undergone a similar experience. No matter how long you've been exposed to the organization, no matter how high the positions you’ve held earlier, all the assumptions we’ve had about being in the top slot vanish into thin air on the very first day. The office somehow forfeits your old mind set and injects a new set of perspectives and priorities. What I see today is a bird’s eye view of the IAP universe and I see how each individual unit of this great organization is different and unique.

What binds us all together is IAP’s unifying credo. Striving together for furthering common goals gives a sense of higher purpose and a greater mission. One such important goal we need to keep a tight focus on is infant mortality. Despite the best efforts of all, these goals have proved to be evasive and India was unable to meet the targets set under MDG. Now a new global agenda is in place which seeks to achieve, by 2030, new targets set out under Sustainable Development Goals (SDGs). The proposed SDG target for child mortality aims to end, by 2030, preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 deaths per 1,000 live births and under-5 mortality to at least as low as 25 deaths per 1,000 live births. This is where IAP can make a difference. I urge all IAP units to work with the government to achieve these goals well ahead of the deadline.

As I complete my half term, my observation is that growth of IAP is rather haphazard with regard to different units. Some are fast paced, some are slow. Yet others begin the year with a bang and then steadily lose steam. This is something avoidable. My own experience in life is that, when it comes to long term goals, it is always better to act like a long distance runner, than to jumpstart on the job. The best runners as we all know maintain a slow and steady pace instead of burning energy rapidly and becoming a spent force half way through.

This applies especially to IAP Action Plan, which is moving ahead at an uneven pace and remains an unfulfilled agenda. This needs greater impetus. It is likely that many local units have not yet fulfilled the criteria so I urge all the IAP branches to have their PAN card and registrations in place so that our dream of action plan roll out for every city, state and district branch get fulfilled.

Meanwhile I’m happy to inform you that IAP has made an unprecedented achievement by entering into a long term understanding with the Royal College of Physicians, UK by which young pediatricians from our country in different specialties can pursue higher training in the UK. This achievement has been made possible thank to the tireless efforts of IAP’s International Liaisons Committee. I congratulate all concerned and hope that many of our young doctors will benefit from the opportunity.

I am also happy we are in the process of liaising with Indian origin pediatricians from various countries to open overseas IAP branches.

With best wishes to you all....

Dr. Santosh T. Soans
President IAP
My Dear Fellow IAPians,

It is a great pleasure for me to write this message and once again be in touch with 28000 plus IAP members through Academy Today. By the time you receive this we will be almost completing the 3/4th of 2018 and it gives me great sense of satisfaction that current leadership of IAP has been able to reinfuse the academics with successful launch of almost 8 new modules under IAP Action Plan 2018-19.

August – October are months for monsoon maladies (various infectious diseases) in our clinics and hospitals and we all are busy with attending our patients and minimizing their sufferings. These months are also months for electing our representatives and as you all are aware the IAP elections are on and I appeal all of you to utilize this unique democratic opportunity to elect the best of bests as team IAP 2019. My compliments to all the contestants for their decision to come forward to serve the organization and my best wishes to them.

In the recent past many parts of our country had natural calamity and specially states of Kerala, Odissa and Utarakhand had most devastatating floods. Friends, its time to come forward and help the people. Central IAP have planed to open a IAP Natural calamity fund and its my humble appeal to all IAPians to be part of this social activity of IAP.

In view of high morbidity and mortality associated with measles and rubella, the WHO in partnership with GOI has initiated MR vaccination campaign in our country. The campaign is implemented in phase manner in different states. IAP has declared support to this public health activity and it is my earnest request to all of you to take active part in it and play positive role to make it successful.

Friends, this year I had opportunity to be part of several international events and found many good practices and I wish that at the upcoming PEDICON 2019 at Mumbai we implement some of such practices. I have discussed these in the IAP EB as well as with PEDICON organizers and be ready to have PEDICON with difference.

Friends, my vision can only be through your eyes. Please send me your suggestions/ideas and proposals by sending email on my designated official email address : president.elect@iapindia.org, it will help me in drafting plans and policies for year 2019.

With warm regards to one and all

In the service of Academy.

Dr. Digant D Shastri

IAP President Elect 2018
Greetings & Happy Doctors Day from Vice President East Zone.

The vibrant 2018 CIAP EB had crossed the active six months & is now at full swing of academic feast all over IAP 362+ branches of all over the country. The initial 1st quarter was needed for administrative purpose & after that all ToTs & workshops are going on. East Zone is comprising of many many Big, Medium & Small states of almost 13 + in nos with huge area where lies communication & Transport difficulties. Majority State, District & City Branches received ToTs & Workshops. East Zone ToT of NDD was conducted successfully at Kolkata by WBAP on 10/06/18. All About Fever at Hoogly & Begusarai had already been completed. Others workshops of EPID, Vaccinology, All About Fever, Stride ie Temperature, Cough & Cold & Pedicolegal will be conducted this month at various branches Eastern Zone at Manipur, Meghalay (Shillong), Nagaland, Tripura, Assam (Silchar, Jhorhat, Dibrugarh, Tejpur, Guwahati), Ranchi, Bihar (Patna, Dharbanga), Odisha, West Bengal (Siliguri, Hoogly, Durgapur, Burdwan, Asansol, Midnapore (East & West).

At next phase other States & branches will receive our Presidential Action Plan (2018-19). Don’t worry all the branches will be flooded by academic feasts.

My humble request to all branches those who had not done official procedure, please complete the Society Registration & PAN card. All registered branches will receive the action plan. Be active.

Long live IAP.

Sincerely yours,

Dr Arup Roy

Dear Friends of IAP,

Nothing is more satisfying than to see your dreams come alive & the targets set, being met. Then there is this ultimate satisfaction of being part of a hardworking team dedicated to work for the betterment of IAP fraternity. With the burst of Academic activities in last six to eight weeks the promise of ‘Epidemic of Academics’ seems coming true. Two TOT’s have been organized with resounding success at NOIDA for EPID & Bhopal for Neurodevelopment Disorder in Central Zone. With trainers available, several District Branches have started running the Modules of the ‘First Joint Presidential Action Plan’. To ensure that the standardized treatment protocols of important Pediatric diseases are followed by our members across the country is after all the objective of whole lot of modules being rolled out by our President Dr Santosh Soans & President Elect Dr Digant Shastri. I salute the hundreds of devoted soldiers of IAP who are sparing their invaluable time to receive training & then imparting it to their fellow colleagues. Anyone & everyone who is involved in capacity of either Trainee or Trainer is a worthy son/daughter of IAP and is bearer of torch of knowledge.

I have the responsibility of ensuring that Central Zone is second to none in propagating the essence of what IAP stands for & i am trying my level best this happens. There is still almost six months to go before this year comes to close so we should try to organize as many Modules as possible. I request all the District Branch President & Secretaries to contact me at the earliest to plan the events at their place. Good thing is that same Presidential Action Plan will continue next year also so that there will be continuity in the topics. I wish this excellent coordination between the Current President Dr Santosh & President Elect Dr Digant continues year after year.

I hope those who were left out of the E voting process for some technical reasons must have ensured that they don't face any glitches this time. After all Your purposeful participation in the Democratic process of IAP has brought back the Life in IAP.

Lets all work together to fulfill the objectives of IAP; Academics & Brotherhood.

Long Live IAP !
Let us all work for

Vineet Saxena
Vice President(Central Zone)
Resp. Teachers, Seniors, Friends & IAP Colleagues,

At the outset, I congratulate our beloved President for being selected as an “Outstanding Pediatrician” of Asia Pacific region. Kudos to Dr Santosh Soans.

Friends, I wish to put on record the outstanding performance of IAP over last 6 months, completely focussed on academics, non-controversial and solely centred on the wellbeing of Children of India in general.

As promised by our President on taking charge, a ‘tsunami’ of academic activities took place this year. Consultative meets, Pilot presentations, National TOT’s and Zonal TOT’s and now from July onwards the actual IAP Presidents Action Plan will be rolled out with a big bang.

Hon President Dr Santosh Soans has already taken on board President 2019 Dr Digant Shastri to enable him to continue these programs in his tenure as well and that is the reason it is IAP Action Plan 2018 – 2019.

All the newly elected Vice Presidents took over the responsibility of implementation of the IAP activities in their respective Zones, to help the IAP Flag fly high all over India. It has been observed that many of the branch office bearers have not responded to the allotment letters from Central IAP. I appeal all local office bearers to respond to these allotments as soon as possible and the plan the IAP activity in your branch.

In addition we had Zonal IDCONs – the West Zone IDCON hosted by AOP, Vadodara, was a huge success. I would also like to thank Nagpur IAP for hosting National ToTs (during Pedicon 2018), and Mumbai IAP, Ahmedabad IAP for offering to host various Zonal ToTs in West Zone.

This year onwards, we will be having Zonal Conferences in addition to our National Conference Pedicon and the respective state Pedicons. The maiden West Zone Pedicon will be held in Sept 2018 at Mahabaleshwar. I thank Satara IAP for accepting to host this first ever Zonal [West] Pedicon and also thank Dr Lalit Rawal President Maharashtra IAP for accepting it to club it with MahaPedicon, 2018.

This is probably the first year, our President with the intention to actively involve State Presidents and Secretaries in CIAP activities especially the Action Plan, called meetings of all state OBs twice and tried to solve issues of the state branches.

With this, I take this opportunity to invite you all, for this first Zonal Conference in Mahabaleshwar from 29 Nov to 2 Dec this year.

With gratitude to the President Dr. Santosh T. Soans and Hon. Secretary General Dr. Remesh Kumar R, for incorporating the newly elected Zonal Vice Presidents in important functioning of IAP, I humbly sign off.

Dr Kedar Malwatkar
Nashik Maharashtra
Vice President [WEST] CIAP 2018
Dear Friends,

Greetings!

We have witnessed the successful roll out of IAP President Action Plan in all the zones; thanks a lot for your cooperation. The programmes are being allotted in a systematic manner to all the branches by the central IAP team under the dynamic president Dr Santosh Soans, President elect Dr Digant Shashtri, Secretary Dr Remesh Kumar and all the dignitaries involved religiously in this prestigious project. It is our responsibility to conduct these programmes and submit the accounts immediately to CIAP so as to have sanction of subsequent courses. Additionally, after participating in these scientific workshops and updating the knowledge, we should make sure to utilize it in day to day practice and also share with other colleagues for setting a professional approach to address various child health issues and help in improving child health in India.

You will be glad to know that the North Zone Pedicon 2018 is scheduled to be held on 5th to 7th October 2018 at Amritsar, Punjab. All of You are cordially invited to participate in this conference and visit the Holy city Amritsar specially Golden Temple, Wagha border, Jalianwala Bagh and many other attractions.

Regards
Dr Harmesh Singh
Vice President IAP
North Zone
Dear colleagues,

Greetings from Chennai.

It is a great honor and indeed a great pleasure for me to have the opportunity to work with you for the better future of our Children and our organisation. Already, My six month. period as Vice President have just flown by!!!

After the initial lull, the President Action Plans got off to a flying start all over India under the able guidance of our President.

We had the launch of TIPS (Training in Pediatric Emergencies) Programme at Bengaluru, Neuro Developmental Disease (NDD) Programme at Kochi, Common Office Practice Pediatric Problems module (COPP) at Chennai and consultative meeting of United Airway at Chennai. We are going to have the launch of Essential Pediatrics Infectious Disease (EPID) at Kochi on 28 & 29th of July and United Airway at Thiruvananthapuram on 22nd July, 2018. Many programmes are allotted to many branches all over South Zone at present. Now all branches have started conducting the programme. It is a flying start!!!

The function of our organisation is not only teaching the members about curative care and latest updates but also environmental care, care of street children, children living with HIV, orphan children, and children with mental and physical handicap. We also look into mental health and problems regarding sexual abuse, etc. I request our members to do relevant activities to address the above issues.

Recently I come across news that read as “... the Trump administration used threats of trade sanctions and withdrawal of military aid to try to block a measure at the World Health Assembly that encouraged breastfeeding. Based on decades of research, the resolution says that mother’s milk is healthiest for children and countries should strive to limit the inaccurate or misleading marketing of breast milk substitutes. Then the U.S. delegation, embracing the interests of infant formula manufacturers, upended the deliberations. American officials sought to water down the resolution by removing language that called on governments to “protect, promote and support breastfeeding” and another passage that called on policy-makers to restrict the promotion of food products many experts say can have deleterious effects on young children.”

This American Govt action is highly condemnable. We should write to American Academy of Pediatrics condemning this action of the US Government. IAP is committed to protect, promote and support breastfeeding.

In India, the situation is no better. A particular formula food company is promoting the formula unethically. By utilising the loop holes in IMS Act, they have started an institute, and they are conducting CME programme on their own and our own members are attending eagerly. Are they hungry for knowledge? I wonder!!! We have epidemics of academics now. We request our members not to fall prey to sinister designs of formula food company.

I congratulate our President who is nominated for the well deserved “Outstanding Asian Pediatrician Award 2018 “.

Academically yours,

Dr D Guansingh,
Vice-President, South Zone
Respected Seniors, Dear Colleagues & Affectionate Youngsters,
Today, I feel most satisfied and accomplished after serving three years as President elect, President and Immediate Past President of our prestigious academy. I feel blessed to have received immense love, guidance and support.

IAP is a place for worship for me and obviously, it should be for all of us. I have discharged my duties with the best of my competence, ability and constitutional accountability.

Wishing each one, all-out success in all endeavors for better child health care at all occasions and at all times.

With affection and love,

Yours in Academy Service

Dr. Anupam Sachdeva

President, IAP 2017
Dear Seniors, Teachers & Friends in IAP,

Greetings from Central IAP Office !!. More than half the Academy Year is through. Introspection at this juncture gives mixed feelings. We have been able to translate the hopes and aspirations of our members on academic front into a reality to a very good extent. On an equally important note, we have learnt from our experience of working with the Office and allied organisations that we are not delivering much for social causes. This is far too distressing, as we as an organisation of elite medical professionals committed to growth of child care in the country, are expected to contribute directly to the socially underprivileged in the community. Our President and Executive Board has mulled over this elaborately and has placed concrete suggestions and adequate funds towards the social projects.

The Action Plan Modules are branching out to all nook and corners of the country. We are trying our level best to accommodate maximum IAP branches in the allocation map this year itself. IAP Team led by our omnipresent President Dr Santosh T Soans has been making sure to have their voices audible in any opportunity for interaction with Government of India and allied NGOs. The UG & PG Quiz activities are also being taken up in all zones with active participation from the students.

The totally revamped website has been launched with many new attractive features like interactive platform for Parents, Public and Members and a window from Open Pediatrics, Boston providing lots of latest updates on Pediatric Care. IAP has been moving global at a swift pace with the International Liaison Committee taking the lead. The Royal College Exams have been made easily accessible to students from India. We are also trying to open IAP Branches in new overseas destinations.

Friends, Team 2018 is sure to satiate your academic and organisational appetite by the next 4 months available with them. We request you to take up all the remaining Central IAP activities in an earnest manner and keep the passion and love for your parent body burning in full steam.

Warm regards

Jai IAP, Jai Hind !!

PEDICON 2019
56th Annual Conference of the Indian Academy of Pediatrics
6th-10th Feb, 2019
MMRDA Exhibition Grounds
Mumbai, India
Dear Colleagues,

The Mumbai branch of the Indian Academy of Pediatrics (MBIAP) is pleased to host PEDICON 2019 – The 56th Annual Conference of the Indian Academy of Pediatrics at MMRDA Exhibition Grounds from the 6th-10th February 2019. The city of Mumbai, synonymous with industry, innovation, grit and glamour has served as the official secretariat of the Indian Academy of Pediatrics since inception. After hosting successful PEDICONs in 2003 and 2007, we are gearing up to host yet another memorable PEDICON in 2019.

MMRDA Exhibition Grounds is the most sought-after venue in the city. Located at the heart of the new business hub, Bandra Kurla Complex, it is easily accessible from various parts of the city. Rooms across various hotel categories have been blocked at competitive rates for the convenience of participating delegates. The event arena itself is spread over 6 lakh square feet. The entire arena is covered, sound insulated and air conditioned with well-appointed zones and ample parking facilities.

The event is expected to surpass all earlier PEDICONs in terms of registration, scientific content and industry participation. Our early-bird campaign has attracted over 4,000 registrations and we expect to register 10,000 delegates by the end of this year. Our theme for 2019 is 'Illness to Wellness' and with this in mind, we have programmed the scientific sessions of the conference. We start PEDICON 2019 on the 6th of February, 2019 with 25 focused pre-conference workshops at various institutes across Mumbai. 7th of February, 2019 will be dedicated to CME and the conference will be on 8th, 9th and 10th February, 2019. Over the four days, we have 600 faculty members presenting simultaneously across 8 scientific halls. Great care has been taken to design the program in a way that interests everyone from a post-graduate student to the seasoned consultant. Interaction and discussion has been given greater priority over didactic lectures. We also expect to have over 1500 academic submissions for free papers and e-posters.

Apart from the rich scientific program, we plan to introduce a novel concept 'PEDIFEST' that is designed to provide value engagement for the accompanying delegates through the day. In addition to this we will be hosting two star-studded banquets on the 8th and 9th of February, 2019. All conference details are available on the official website www.pedicon2019.in and the conference mobile application is available on the Android and Apple app stores.

With great programming, a world-class venue, delicious meals and enthralling entertainment, we are confident that PEDICON 2019 will be an avenue for you to learn, share, network and get inspired. We whole-heartedly welcome you to join us for PEDICON 2019 in 'आमची मुंबई' ... (Amchi Mumbai)
We whole-heartedly welcome you to join us for PEDICON 2019 in Mumbai from 6th to 10th February, 2019. We con/fident that PEDICON 2019 will be an avenue for you to learn, share, network and get inspired.

Do not walk behind me, I may not lead you;  
Do not walk in front of me, I may not follow you;  
Do not walk away from me, I need you;  
Let us walk together and be friends!!!

I have risen in IAP, working from being a humble grass-root worker and rising up the echelons to experience the various intricacies of IAP administration. I have worked in close quarters with CIAP and seen the workings of 10 presidents, from the highs to lows, in varied situations. This experience will help me in tackling different situations while ensuring the progress of taking IAP to even greater heights, if given a chance to be elected this time!

My past includes various accolades in academics (with number of articles publications) and administration as well as keen interest in cultural activities and sports. I am sure that I will use this to ensure that a balance of activities will roll out during my tenure.

I have also played a key-role in organizing more than 10 conferences at varied levels (district, state, national), each of which were highly successful and appreciated. With all your support, I am certain that we can create history by planning a larger number of academic and cultural feasts together.

A short summary of my positions held in IAP and achievements are listed below:

- **Positions held in IAP**
  - Committee member since 2003
  - President, Mumbai branch (2007)
  - Committee member, Intensive Care and Neonatology chapters since 2004
  - EB Member, CIAP (2010, 2011)
  - AAA, CIAP (2012–2013)
  - Treasurer, CIAP (2014–2015)
  - Secretary-General, CIAP (2016–2017)
  - National coordinator for various teaching modules
  - Member of committee for teaching the teachers of PG students

- **Achievements:**
  - Secretary, SAPA (2018)
  - Convener of AMR committee of APPA (2017–2018)
  - President-elect, Intensive Care chapter of IAP
  - President IMA-NEBS (2010)
  - President, Surchaitanya Kalakendra and classical Tabala player
  - Managing trustee, Mumbai Suburban Table Tennis Association
  - Best all-round intern (LTMMC) and all round cricketer (Inter-medical tournament) 1978–79
  - Chess Champion, LTMMC, Sion (1973–74)

All these would not have been possible without your support!!

Once again, I request you to lend me your support for standing at the helm of our beloved organization and I am sure that together, we shall take it to even greater heights and create history!

Dear Colleagues

I am thankful to you all for giving me opportunity to serve the IAP even being a rural district branch member.

I will like to draw the attention of respected leaders on some of the following agendas in the Central Executive Committee.

Work for increasing syncronisation with IMA at district level and give constructive support to clinical establishment act etc.

Work for rationalization of fees in NICU and PICV and evolve an ethic to minimize assault on members or their establishments.

Discussion on Ayushman Bharat

HFC structure to be redefined and fixed for next five years and usually it should not be more than 7 thousands.

CC meeting should be held at each zone (4) level eg four CEB meeting every year.

Endorsement money should be spent on the welfare of members and society and avoid for membership of foreign Medical Association where lacs of money are given for the membership.

All committee formation should be in consultation with CEB members to increase their work efficiency.

Zero tolerance to corruption and should go for black & white income – expenditure report.

This message may kindly be discussed in EB and GB meetings.

DR GANESH L KULKARNI

EXECUTIVE BOARD MEMBER (MAHARASHTRA)

Respected Dear Seniors, Teachers & Friends,

Voting is Unpleasing yet Purposeful..!!

It’s not been a year in the CIAP office, and the campaign is up again for the forthcoming elections. Three EB meetings done so far in the last 9 months and attended every millisecond of them with the most attentive ears on the earth and understood what it means to be there.

The agenda for child health and rights, the soul of IAPians, was the key feature of every discussion. Unlike the past few years, when it just meant only politics and that took away the essence of IAP. You all made it possible for me to be the part of a true and selfless, active assembly of CIAP under the able Presidentship of Dr. Soans Sir.

Promises are made but the courage to keep them is my way to show the gratitude.

I promise, not to let you down any time in my life and accomplish all your dreams in IAP by complete dedication, sincerity and honesty. Indebted for the support and guidance from every IAPian during this journey.

Soliciting your wholehearted support in my candidature for the post of EXECUTIVE BOARD MEMBER, IAP – 2019.

- Secretary Nasik IAP 2006-2007

DR ANIL SHRIRAM RAUT

EXECUTIVE BOARD MEMBER (MAHARASHTRA)

I humbly present myself before you as a candidate for EBM-CIAP – 2019.

Since 1999, after finishing my training in pediatrics, I have been serving Eastern Maharashtra and remained a grass-root worker of IAP. The journey while serving you in IAP reposed me with your love and affection, as Secretary IAP-Nagpur in 2001; Hon. Secretary, PICC-Nagpur 2008 -2015; Org. Sec. International Conference on SEPSIS – 2010; Org, Secretary NCPID 2012; EB Member MahalAP 2012 and President IAP, Nagpur 2013.

I was witness of your love and affection as Org. Chairman of MAHAPEDICON 2013, the memories of which are still afresh in our minds. In year 2014, I was chosen by you as President - IAP Maharashtra. This year, I was Org, Secretary of PEDICON, Nagpur 2019.

As candidate of EBM, CIAP2019, I want to share the feelings of we pediatrician which need some soul searching.

*Is the UG & PG teaching keeping pace with the changing time and trends in pediatrics?*

* To create SOP based management of office based practice and indoor management.

* Rising violence and threat of litigation.

Kindly let me know your feelings and inputs which I can put forward to CIAP. Soliciting your whole-hearted support for my candidature.

DR K MUTHUKUMAR
EXECUTIVE BOARD MEMBER (TAMILNADU)

Dear friends

Good morning. Soon after completing my MD attended the 12th annual state conference at Trichy and my association with IAP started from 1986. Became life member 1988 and a founder member of Trichy IAP. Hold the position of secretary and president for nearly 15 yrs and won the best district branch award successively for 2 yrs 1998 and 99. During the south pedicon 1997 I was the organizing secretary. During the south pedicon 2010 at Trichy I was the state president Elect and for the first time in the history of any medical conference passed resolutions in EB & GB. Given suggestions to Govt and made them as GO by following it with officials and politicians. Way back in 1999 got the active pediatrician award. Pioneer in asking for various norms for awards even in GB during 1998.

This time in 2018 GB also fraught for various resolutions to be given to Govt & MCI and got it cleared. To get it implemented I need my voice to be heard on your behalf at national level. I had been in Tamilnadu Govt service from 1979-2011. Now professor of pediatrics in Trichy SRM medical college. Requesting your full support for my candidature for central EB.

DR NARMADA S
EXECUTIVE BOARD MEMBER (TAMILNADU)

Having graduated from the prestigious Institute of Child health & Hospital for Children, Egmore, I started my practice in Vellore from 2003 and went on to build my hospital along with my husband and friends. Though I have a successful practice, the desire to keep myself academically enriched made me to take up my membership exam of Royal college and also to do my specialisation in Allergy and Asthma from CMC, Vellore.

A new dimension to my personality opened up when I became an active member of IAP. Though I became a life member since 2006, I became active in IAP from 2012. I was selected to be the secretary of my IAP North Arcot branch that year and had held that post until 2015. Since then I have been consistently doing a lot of activities like community awareness programmes, free medical camps, orphanage visits and celebrating all the important weeks prioritised by central IAP.

With now a vibrant team at the central level, I thought I could contribute my part as a central EB member of my Tamilnadu state and do my part for the welfare of the Academy and hence for the children of our nation.

DR S KRISHNA MURTHY  
EXECUTIVE BOARD MEMBER (TELANGANA)  

Dear Members  

The long-drawn association we had is a reckon of cohesion and a profound measure of trust. The fervor to walk extra mile for building blissful India was innate.  

It’s no clamor for position but a need for convergence that I stand as the contestant for the central executive member IAP.  

Cloned to the culture of social and scientific ensemble I am no debutant to the spirit of academy. The voice of Hyderabad was made felt in numerous moments of rush and rattle. I and my team won accolades from the state and the central body.  

The promising performance as the central executive board member catapulted the city to the international domain.  

My friends near and far supported our team in the ordeal of APPA PEDICON.  

As the Treasurer of 15th APPA, Hyderabad my selection to the central executive is to return the same old glory of PATS  

Upholding the principles of democracy, I stand before you seeking your valuable vote.  

Your gestures of solidarity ever remain the pillars of strength.  

Let’s reach by our voice  

Thanking you  

Yours,

Dear WBAPians,

Greetings to you all.

I have been at the service of the common Pediatrician in my own small way for over last three decades. Presently with all your blessings I happen to be serving you from the alter of our Academy WBAP.

Needless to say that your fullest support has made the last eight-nine months as President of WBAP the best of experiences in life with plentiful of academics, Medico Legal issues being discussed at length and support provided wherever possible, low cost professional insurance cover for members and e-voting among so many achievements. Surely nothing could have been achieved without you all being solidly behind me.

We now need to carry WBAP forward to greater laurels more so at the National edifice. I am confident that you all will now wholeheartedly support my candidature for EB member from West Bengal.

Jai Hind.

DR ATANU BHADRA
EXECUTIVE BOARD MEMBER (WEST BENGAL)

I started my career in IAP as ordinary member of CIAP and COALFIELD br in 2006. COALFIELD BR is one of the oldest registered branches. In 2009 helped organise State conference in ASANSOL as asst secretary. My inspiration was the incomparable DR TAPAN GHOSH. His death was a loss to IAP. Subsequently became Secretary, President of IAP COALFIELD BR. STATE EB MEMBER for 2 sessions, I was elected unopposed to CIAP in 2014. In 2013 I played an active role in organising PEDICON in Kolkata. I was fortunate in having the opportunity to work with many CIAP stalwarts Dr VIJAY YEWALE, DR PRAMOD JOG, DR SANTOSH SOANS DR ANUPAM SACHDEVA and Dr BAKUL PAREKH, Dr Digant Shastri. Worked tirelessly as EAST ZONE co-ordinator of RATIONAL ANTIBIOTIC PROTOCOL.

I want to remain a grassroot soldier of IAP

ORGANISED CHARITY and FAMILY SECURITY - the twin goals achieved by joining FAMILY BENEFIT SOCIETY of IAP

DR. DHANANJAY SHAH, Chairman – Family Benefit Society of IAP

We all do some charity in our lives, although this is in a haphazard manner and by this kindness approach, we donate funds to some needy persons – when it appeals to our emotions or when we are approached by any distressed person or a charity organisation. CHARITY is one aspect of life, which gives us an immense, inner satisfaction to our souls. LESSON ONE.

We, as professionals, also realise that our lives are unpredictable in terms of health and life-span. Life-threatening diseases and accidents can take our toll any day. Hence, we adopt LIFE INSURANCE POLICIES from various agencies – in order to ensure that our family dependents do not suffer financially because of such unexpected disasters. Therefore, LIFE INSURANCE also is one more aspect of our spending funds during our lives. LESSON TWO.

How about implementing these TWO LESSONS in an organised manner, as an enlightened and vibrant IAP Life member. Let’s join Family Benefit Society of IAP and achieve the under-mentioned TWIN GOALS.

GOAL ONE: ORGANISED CHARITY towards our professional colleagues.

Family Benefit Society acts in a very responsible manner in this area of ORGANISED CHARITY. Let’s have a look at how the Society functions.

On the event of the death of any FBS registered member, young or old, the Society releases, after adequate document verification, a prompt cheque payment (that is in excess of SEVEN LAKHS today) to his / her registered nominees in the allocated proportions as desired by the FBS Member (allowable nominees for any FBS member are a maximum of three family members and these nominees can be changed at a later date by the same Member)

Effectively, every Society member regularly performs an ORGANISED CHARITY directed towards all the unfortunate COLLEAGUE MEMBERS who expired and forever left the Society, as also their bereaved families. Every Society member thereby gets an INNER SATISFACTION that he contributed some of his hard-earned money for the support and succour of his / her own professional colleagues, who faced an untimely demise.

GOAL TWO: SECURING FINANCIAL SUPPORT for your beloved ones.

Family Benefit Society is the standalone welfare wing of “Indian Academy of Pediatrics “, that has a singular objective: GIVE SUBSTANTIAL FINANCIAL HELP to the family members of only FBS IAP registered members, on the sad occasion of death of that IAP Life member – so that the family dependents do not have to bear any monetary distress, just because the Head of the Family is no more. Becoming a proud member of Family Benefit Society helps this goal achieved and also ensured for his own family, subject to the condition that his / her FBS Membership has to remain valid and live for a span of 25 years during his existence, by regular discharge of his/her FC Bill payment obligations. Death from any origin is okay with the Society policies – be it natural, accidental or even suicidal.

FACT FILE: Today, there are 2175 odd FBS IAP members - who form an elite mutual -help group, which
supports these TWIN OBJECTIVES of FBS. Today, the financial support receivable by the families of any deceased FBS member is a decent amount of SEVEN and HALF LAKH RUPEES, a figure that will swell gradually, along with the growth in the membership strength of FBS.

Let’s understand the “ BASICS OF BENEFITING “ from the FBS-IAP membership opportunity : The TEN STEPS of the FBS LADDER are :

1. The eligibility for enrolment as a FBS Member begins with the LIFE MEMBERSHIP STATUS of IAP. Only IAP LIFE members and ASSOCIATE LIFE MEMBERS can avail the huge benefits offered by FBS.

2. The eligible AGE-RANGE for becoming a FBS MEMBER is 25 years to 60 years. Therefore, the eligibility period is between the 25th birthday and ends at the 60th birthday. Senior Citizens have no chance.

3. The TOTAL ADMISSION FEES for enrolment in Family Benefit Society VARIATES with the age at which the IAP LIFE MEMBER desires to join the Society. Currently it ranges between Rs. 9000 to Rs. 46000. This is so because the main component of the Admission Fees, which is the ONE-TIME JOINING FEES, increases stepwise for every 5-year age category. The best age to join FBS is AS EARLY AS POSSIBLE, the moment you understand the unique FBS CONCEPT. Those joining late, in the 55-60 age group have to pay highest fees purely because of their limited outstanding life span and the health risks involved at that age.

4. The obligation to perform ORGANISED CHARITY ( which means the payment of annual FC Bills – lasts for a span of 25 years, which means all FBS members will pay a total of 25 Fraternity Contribution Bills, ( following their membership acceptance ) every year in the last quarter of the calendar year – BEFORE he eventually retires and thereafter enjoys all the financial benefits of the Society, free of all costs and worries.

5. Let’s understand how the FC BILL is generated every year for all the alive members of the Society. For every death that occurred in the previous 12 months, the amount payable, via the FC Bill, is Rs. 450. Additionally, every year a token Annual Administration Fee is levied in the FC Bill. In case of, say, FOUR DEATHS in the last 12 months, the bill will be 450 multiplied by 4 = Rs. 1800. The addition of Rs. 500 as the Annual Administrative charge makes a total of Rs. 2300. If the bill is not timely paid before DUE DATE (December 31 of the billing year, a LATE FEE of Rs. 1000 is also levied from the consequent year. Thereafter, the non-compliant member becomes liable to Suspension initially and thereafter, Membership Termination, if the non-compliance is extended even beyond one year of the Billing Date.

6. Every year, all members willing to remain VALID MEMBERS, have to promptly and regularly pay all annual FC Bills for the ensuing 25 years. To cite an example, so far, in the last SIX F.C.BILLS since inception of FBS, the payable amount has been reasonable and usually below Rs. 3000 (Three thousand) . However, as the Society grows in membership numbers – the FC Bill can go higher with time, depending upon the ANNUAL DEATH RATE.

7. Actually the FC BILL amount is the ORGANISED CHARITY AMOUNT that you shell out, every year, for a noble and mutually agreeable cause.

8. Finally, FBS MEMBERSHIP BENEFIT is very much like a LIFE INSURANCE POLICY, because it gives your family a monetary guarantee, following your demise. However, there are some distinctive
advantages of this scheme, compared to LIC, like: A....... There is no need for a MEDICAL CHECK-UP, which is otherwise mandatory in LIC POLICIES. B........ The ANNUAL PREMIUM payable in the form of FC Bill is far less (actually less than 20% compared to LIC Policies of similar SUM ASSURED MONEY. C........ The LIFE INSURANCE COVER in FBS is available to the doctor till his last breath, which is only till the END OF THE POLICY TERM, in case of most of the conventional LIC policies. LIC policies usually expire after the age of 75-80 years of life and there is no guarantee to your family in the age –group of Super Senior Citizens.

9. How to avail FBS MEMBERSHIP should be next question. Visit our website, for more details: www.fbsiap.org OR call the FBS OFFICE at Hyderabad on 040-23332666 and mobile number: 08978311651. Call FBS CHAIRMAN: 09898003607 or the HON. SECRETARY: 09849032421

10. The updated FBS CONSTITUTION is being rolled out in a couple of months, which shall be binding to all the existing and fresh members. This Constitution has to be well comprehended by every aspiring FBS member, before joining FAMILYBENEFIT SOCIETY – AN ELITE AND PROFESSIONALLY MANAGED ORGANISATION.

JOIN IAP to JOIN FBS. Benefit from both.
