**PRESIDENT'S PAGE** - Dr Digant Shastri - Respectful Adolescent Care – A Must Know Concept - <https://www.indianpediatrics.net/nov2019/909.pdf> - wherein he elaborates the pediatricians and IAP's role in delivering Adolescent Friendly Health Services

## Editor's Note

Dear colleagues,

Greetings with the last issue of Child India for 2019. It's been a great year for IAP and I am sure you will hear all about the activities - advocacy, awareness and educational programs and various outreach programs, etc. - at PEDICON 2020 which is just around the corner.

World Aids Day 2019 was celebrated on Sunday, the 1st of December. The 30th World AIDS Day was observed across the world under the theme 'Know Your Status'. Of the 37.9 million people living with HIV at the end of 2018, 79% received testing, 62% received treatment, and 53% had achieved suppression of the HIV virus with reduced risk of infecting others. Thousands of community health workers and members of the HIV and key population networks - many of whom are living with HIV or affected by the epidemic - contributed to this success. On World AIDS Day 2019, WHO is highlighting the difference these communities are making to end the HIV epidemic while drawing global attention to the need for their broader engagement in strengthening primary health care. WHO is releasing new recommendations on HIV testing services on 27 November ahead of World AIDS Day and the International Conference on AIDS and Sexually Transmitted Infections in Africa (ICASA2019) that happened in Kigali, Rwanda on 2-7 December. In India, the prevention of parent-to-child transmission and antiretroviral therapy services for HIV-infected mothers and children have been rapidly scaled up over the recent years.

The Convention on the Rights of Persons with Disabilities, adopted in 2006, further emphasised the rights and well-being of this target group in the implementation of the 2030 Agenda for Sustainable Development which is highlighted in the theme for the International Day of Person's With Disability (IDPD) celebrated on Dec 3rd as "Promoting the participation of persons with disabilities and their leadership: taking action on the 2030 Development Agenda". The focus is on empowerment of persons with disabilities for inclusive, equitable and sustainable development as anticipated in the 2030 Agenda for Sustainable Development, which pledges to 'leave no one behind' and recognizes disability as cross-cutting issues, to be considered in the implementation of its 17 Sustainable Development Goals (SDGs). Differently abled persons therefore finds mention as an important target group, specially with regard to education, growth and employment, inequality, accessibility of human settlements, as well as data collection and monitoring of the SDGs. We need to take cognisance of this theme and work towards making India differently abled friendly in the years to come.

IAP President Dr Digant Shastri along with HSG Dr Remesh Kumar and their OB and EB have very actively promoted IAP on the national and international stage in 2019 and we are certain that IAP President 2010 Dr Bakul Parekh and HSG Dr Basavaraj will continue to take IAP to its destined position as the most sought after advisory body for child health in India.

Will see you all at Indore in a short while.

Wishing you all a Happy New Year,

Jai IAP,

**Dr Jeelson C Unni**  
**Editor-in-Chief**

## President's Message

My Dear IAP Members,

Greetings from the office of IAP President!!

Finishing my tenure I have sense of contentment, satisfaction and fulfilment.

Since this is my last communication to you all from highest platform of our organization, firstly I thank almighty, my late parents and my seniors with whose blessing I got this post & opportunity to serve our organization as president for the year 2019. I just don't consider this as honour but I consider it as like time memorable experience and proud privilege to work for children, to contribute in improving health of children in our nation and to bring some positive changes in our organization.

If you ask me what I have gained as president my answer is while working as president of organization if you count from the angle of materialistic gains there was nothing to gain and on the contrary loosing on professional practice, on social and family fronts and of course on health front also happened. But against these losses, there are huge gains; like sense of satisfaction for doing something for the nation, society, community and innocent children. Also it was great opportunity to learn many new things, acquire new skills, shape personality, understand people and their psyche, making new friends and opportunity to visit IAP branches on the different corners of our magnificent country.

I feel myself blessed to get ever supportive executive board members as team member. The office bearers of CIAP- specially HSG Dr Remesh Kumar, Treasurer Dr. Upendra Kinjawadekar and both joint secretaries (Dr. Sangeeta Yadav & Dr. Sandeep Kadam), office bearers of state units and sub-speciality chapters they all always stood with me and provided me all type of support in my all endeavours. Our central office staff is a big asset to IAP and they were always eager for any type of work for the IAP.

**"जिन्हें सपने देखना अच्छा लगता है, उन्हें रात छोटी लगती है और जिन्हें सपने पूरे करना अच्छा लगता है, उन्हें दिन छोटा लगता है।**

## President's Message

In the year 2019 we did many things which were long pending, many things which were novel and many things which can bring some major change in our organization, still some of my dreams remained unfulfilled, but I feel contented and satisfied with my inning.

Just to name few most remarkable miles stones achieved in the year 2019 are; winning bid to host IPA 2023 congress in India, entering in MoU with government of India Central TB division to conduct 300 programs of IAP RNTCP paediatric TB management module, launch of IAP Immunization App, launch of IAP AXON Paediatric Practice Management Software 2019, release of joint statements with FOGSI on early initiation of BF in C-Section delivery, formation of IAP Taskforce on NCD, IAP Taskforce Competency Based Medical Education, IAP Taskforce on Quality improvement, IAP academic council, IAP research grant awards, special 30% discount to IAP members on purchase of Jaypee brothers publications offline or online and establishing online system for it, launch of two sub speciality chapters; Pain and Palliative care chapter of IAP, IAP Non Communicable Diseases ( NCD ) chapter and three state branches ( Sikkim, Arunachal Pradesh and Mizoram).

Once again I thank you all for your support, love and affection and making year 2019 as the most memorable year for me. I will continue working for our organization and for children in best of my capacity.

Jai Hind!

Jai IAP!

In the service of IAP,

**Dr. Digant D Shastri** MD(Ped), FIAP, PGDHHM

President, Indian Academy of Paediatrics

Managing Editor, Asia Pacific Journal of Pediatrics and Child Health

## Secretary's Message

Dear Friends in the Academy,

Yet another year bidding farewell. We at Central IAP were quite fortunate to have our branches and members sharing positive thoughts and enjoying the academy life in a joyful manner. Academics with camaraderie has been our motto and I am sure our member friends have lived up to it.

Our President 2019 Dr Digant Shastri has been leading from the front and encouraging members across the country through his personalised approach. We had a very supportive EB Team who contributed constructively in many important landmark decisions.

We wish Team 2020 led by the ever dashing President Dr Bakul Parekh and the meticulous disciplined comrade Dr Basavraj all success in their endeavours to take IAP to dizzy heights in the coming Academy Year.

Congratulations and sincere Thanks to the Team of Dr Jeason Unni at the Editorial Desk of CHILD INDIA. It is a rather an unenviable task to have the a monthly publication on the roll maintaining its design and purpose all through. Dr Jeason has steered his team well to maintain CHILD INDIA at an adorable status all through the last 2 years.

Central IAP OB would like to express sincere gratitude to our dear friends who stood with us and supported the family of Central IAP all through.

Finally, my personal regards to all my dear friends who have been immensely caring and affectionate to me all through my tenure at the CIAP Office.

Luv to all,

Jai IAP, Jai Hind !!

**Remesh Kumar R.**

Hon. Secretary General 2018 & 2019
